AS LIAR AND BLACKMAILER

Mulhall is Denounced by Majority Leader O. W. Underwood.

CAUSES FLURRY IN COMMITTEE

Alabama Man Bitterly Assails Tactics of Former Lobbyist.

Washington, July 29.—Martin M. Mulhall, star witness before the senate lobby committee, heard himself denounced by Democratic Leader Underwood, of the house, as a "liar and a blackmailer" today, and then himself contributed a mild sensation by testifying that Secretary Wilson, Speaker Clark and Republican Leader Mann, and President Samuel Gompers, of the American Federation of Labor, all had turned down his proposals for an investigation of his lobbying activities for the National Association of Manufacturers. Clark and Mann, he said wouldn't have the matter "come up."

Representative Underwood hotly denied Mr. Mulhall's claim of having had "an interview," but the lobby witness insisted on his story.

"I think," said the majority leader, "that it is in the interest of the public that a man who has taken liberties with the public men as this man has should be contradicted. I regard a man of this kind as a blackmailer. That man has never been in the ways and means committee room since I have been chairman. He may have had conversations with me, but when he says he had an interview, I want to say that statement is a lie."

Appears Unexpectedly.

Mr. Underwood appeared unexpectedly and made a brief statement before he was sworn. He denounced as false Mulhall's statement that an employe of the ways and means committee had been in his employ. According to Mulhall's earlier testimony the man was paid $20 a month.

FINDS BIBLE BETTER THAN ALL BOOZE CURES.

Chicago, July 29.—L. W. Bowen, 64 years old and who says he is a graduate of Harvard, stood before Municipal Judge Newcomer yesterday and asked to be sent to the house of correction for sixty days so that he would be prepared for a new start in life. He had been in jail a month, awaiting trial for habitual drunkenness. In one hand he carried a thumb-marked, pencil-lined copy of the Epistle of St. John.

"A woman gave me this book the first Sunday I was in jail and I know that it is better than all booze cures," Bowen told the court. "I read it at first because I had nothing else to do, but now I believe every word in it. I want to get out to the house of correction and begin my time so I can get out and start over again." The judge paroled Bowen to Rev. F. E. J. Lloyd, member of the legislature, who happened to be in court.

BRYAN HOLDS WILSON THERE

Ambassador Revises His Plans to Leave Washington Today.

AGAIN TAKES UP REPORT ON MEXICO

Steps Will Await Outcome of Present Peace Plans by Mexicans.

Washington, July 29.—Ambassador Henry Lane Wilson resumed his conferences today with Secretary Bryan on the Mexican situation. Mr. Wilson had expected to quit Washington today, but remained at the request of the secretary to continue his extended report of conditions in the southern republic.

Ambassador Wilson, it was learned, will appear before the senate foreign relations committee tomorrow to give his views of conditions in Mexico. Secretary Bryan was prevented from attending the committee's special meeting today on account of conferences at the department with the ambassador.

Will Await Outcome.

President Wilson had no announcement to make today about the policy the United States would pursue toward Mexico, but there is every reason to believe no steps will be taken by this country pending the outcome of the plans being made by leading Mexicans to bring about peace. The fact that some of the mediators interested in adjusting the differences between the followers of Hperta and Carranza were instrumental in persuading Porfirio Diaz to abdicate, is encouraging officials in touch with Mexican affairs to believe that their efforts may bring about the resignation of President Huerta.

While the Mexicans who are taking an active part in the plans decline to permit the use of their names at this time, they have proceeded to the point of informing Secretary Bryan what they have in mind. No developments are expected for at least a fortnight, during which the administration here will keep in close touch with the Mexicans.

Argument for Huerta.

The argument the Mexicans are said to be planning before Huerta is that the United States under no circumstances would recognize his regime and that to extricate Mexico from its financial straits it is necessary to establish a new administration and obtain the recognition of the American government. If President Huerta were willing to abdicate, men acceptable to him as well as the constitutionalists, would be tentatively selected from whom a successor would be named. Ambassador Henry Lane Wilson had nothing to say today about the developments on the situation generally. He had not decided when he would leave for his vacation. Although the senate foreign relations committee met today Ambassador Wilson was not invited to appear.

Sheppard Wants to Know.

Senator Sheppard of Texas, today introduced a resolution asking the foreign relations committee to advise the senate if belligerents in Mexico should be formally recognized by the United States.

"The committee shall consider," said the resolution, "The question of our relations with Mexico growing out of the

INSURANCE MEN ON BRYAN TRAIL

Risk Solicitors Pursue Him Since Narrow Escapes in Accidents.

HOPES TO OUTWIT 'EM

Washington, July 29. Secretary Bryan today faced a problem even more complicated and subtle than the Japanese and Mexican questions, when he discovered he was the quarry sought by accident insurance solicitors as the result of two narrow escapes from disaster yesterday. Driving to the department of state the secretary's carriage was narrowly missed by a street car and a moment later a heavy electric bus came close to ramming it amidships. In both cases the escape was narrow.

The carriage was turning into Pennsylvania avenue when the car, rounding a curve, started full speed ahead. A crossing policeman saw the danger of a collision.

"Here you," he yelled to the motorman. "Stop that car quick."

The motorman clapped on the air-brakes, halting the car within a few inches of the hind wheels of the vehicle. Mr. Bryan's driver whipped up the horses, only to get directly in the path of an electric bus, which also stopped so suddenly that the passengers were tossed about.

Throughout the experience the secretary's well known smile did not fail him. His placidity was in striking contrast to the agitation of the driver and the nervous prostration from which the policeman, motorman and bus driver seemed to be suffering. The secretary now is bringing his diplomacy and subtlety to bear in outwitting insurance solicitors.

STEAM SHOVEL BOWS TO COURT

Foreman Who Thought His Work More Important is Sent to Jail.

HE MUST REVISE VIEW

Pittsburg, July 29.—When a steam shovel interferes with the Allegheny county courts, the steam shovel must cease operations, and when the superintendent in charge indicates that, in his mind, the removal of Pittsburg's "hump" is of more importance than the dispensation of justice, the superintendent must go to jail.

These principles were laid down in common pleas court yesterday by Judge R. A. Kennedy, who was annoyed by the puffing of a steam shovel engaged in excavating on a street near the court house. He ordered the shovel stopped and when the noise continued he issued a warrant and had the crew brought into court.

The superintendent in charge was asked by the judge whether it would be better to stop the shovel or stop the court. The superintendent is said to have replied that if they interfered, the court should stop, and was promptly sentenced to jail for contempt. The remainder of the crew were released on their promise to do no work while court was in session

MARVIN TO HEAD WEATHER BUREAU

Division Chief is Slated for Advancement by the President.

WILL SUCCEED MOORE

Washington, July 29.—Professor Charles F. Marvin has been selected for chief of the weather bureau to succeed Willis L. Moore, recently removed. Prof. Marvin is now chief of the instrument division. He was appointed to the old signal service in 1884 from Ohio. President Wilson will send his nomination to the senate probably this week.

Prof. Marvin was born at Columbus, Ohio, and was educated in the public schools there and at the Ohio State university. He came to Washington in 1884 and entered the government service in what was then known as the signal service, since re-named the weather bureau in 1888, which position he has since held.

Under the new chief more attention will be paid to weather reports and forecasts as they effect or are likely to affect agriculture and general farming conditions throughout the country. Other changes are to be made in the bureau but Secretary Houston was not ready today to announce them. Prof. Marvin is the inventor of many instruments used by the bureau. He has represented the department of agriculture at a number of important meteorological congresses and has written extensively on the subject of weather inventions. He has conducted experiments upon which are based the tables used by the weather bureau for determining the amount of moisture in the air, has studied the measurement of wind velocities and pressures and also on the use of kites for ascertaining meteorological condition.

NO TRUTH IN RUMOR.

Lima, Peru, July 29.—There is no truth in the reports current in Europe and America of a catastrophe in this city. There has been no extraordinary occurrence of any kind. The rumors probably arose rom the fact that telegraphic communication between here and Santiago, Chile, is interrupted.

BOLT OF LIGHTNING BANISHES RHEUMATISM.

Connersville, Ind., July 29.—Lightning cured Martin Kelley of rheumatism. He was in the engine room of the Connersville blower works, where he is watchman, when lightning struck the smokestack and hurled Kelley to the floor. When he got up he found the rheumatic twinges gone from his joints and has felt no trace of them since.

HENRY DEMANDS ANOTHER PROBE.

He Wants Mr. McAdoo's Charges Against Bankers Looked Into.

TOO BUSY, SAYS GLASS

Washington, July 29.—Investigation of Secretary McAdoo's charges that New York bankers have organized a campaign to depress the price of government two per cent conds, was demanded in a statement issued today by Representative Henry, aide to the so-called insurgent democrats on the house banking committee.

Chairman Glass, however, declared the committee had its hands full considering the currency bill and did not propose to be diverted.

"The secretary of the treasury should be summoned before the committee on banking and currency instanter and reveal the facts to the American people as their agent," said Henry's statement. "The head of every great bank in New York should be sent for at the earliest possible moment, placed upon the stand before the committee and grilled most thoroughly in order that the American people may know the facts about this controversy. The secretary can and doubtless will demonstrate exactly how these gentlemen manipulate the market, put up and down prices of United States bonds and control the financial destinies of the people."

CORN RISES ON RUSH TO BUY.

Lower Crop Estimates Due to Heat and Drought Sends Price Up.

Chicago, July 29.—Sensational lowering of crop estimates owing to damage from drought and heat brought about a rush of buying today in the corn trade. The result was to put up prices two cents a bushel. Profit taking on the part of holders caused no important set back, the market absorbing all offerings in a manner that seemed almost ravenous. All hope of a three billion bushel yield of corn this season appeared to have been abandoned. Instead experts talked of 2,675,000,000 to 2,700,000,000 with a possibility of a drop to as short a total as 2,500,000,000 bushels.

PREAMBLE AND FIRST PLANK

In Proposed Independent Platform Made Public by Committee.

SHOWING PURPOSE OF THE MOVEMENT

Friday Evening Fixed as Date for Nominating Mass Convention.

Members of the platform committee of the citizens' non-partisan committee of thirty, today made public the preamble and the first plank of the non-partisan independent platform, which will be submitted to the citizens' mass convention to be held next Friday night. The preamble is as follows:

We, the independent members of the democratic, progressive and republican parties, hereby adopt the following as our declaration of principles upon which we agree to unite as a citizens' party in the coming municipal campaign, and we invite all citizens, without regard to the parties with which they are affiliated in national and state elections, to join with us and the independent members of all other parties in a city wide movement to eliminate national politics from our municipal affairs and in the support and election of a set of non-partisan, honest and efficient city officials that will merit the support of the citizens of all parties alike, both before and after election and will conduct their offices without special favors to the members of any political party, party machine or any other special interest.

Platform Principles.

In the platform of principles for the proposed non-partisan ticket the committee sets forth the purpose of the movement in the first plank, which is as follows:

We pledge our allegiance in municipal affairs, first and foremost, to the best interests of the city and its citizens as a whole.

We point out that the present antiquated system of electing city officials through national political parties tends to divide and weaken the efforts of citizens whose views on local affairs are identical and whose efforts in behalf of the city should be united; that it leads to the stirring up of party prejudices and unwarranted attacks upon public officers, thus preventing the most competent men from accepting office; that it tends to make the members of one party criticise and impede the work of the city's officers elected by another party instead of helping them; that it leads to the appointing to public office of political wardheelers, drones and persons with-

IRON WORKER IS INJURED IN FALL

Tumbles from New Bridge Under Construction Over River at New Haven.

TWO BAD FRACTURES

Edgar Fenimore, aged twenty-six, a structural iron worker employed by the Rochester Bridge company, is a patient at the Lutheran hospital in this city suffering from injuries sustained at 7 o'clock this morning when he fell from the new bridge being built across the river at New Haven.

The man had just started to the top of the structure when he slipped and fell to the floor of the bridge. He sustained a painful and bad fracture of the right limb and a fractured elbow. His condition however, is not serious.

He was brought to Fort Wayne by Dr. G. G. Brudi, of New Haven, and his injuries were dressed by Dr. Brudi and Dr. H. A. Duemling.

CALL FOR INDEPENDENT MASS MEETING

The committee of thirty appointed by the independent members of the democratic, progressive and republican parties, hereby invite all citizens of Fort Wayne, regardless of the party with which they are affiliated in national and state elections, to lay aside considerations of party success in the coming municipal election, and to meet in joint convention at the assembly room of the court house on Friday evening, Aug. 1st, 1913, for the purpose of selecting a set of non-partisan, honest and efficient candidates for the city offices that will merit the support of the citizens of all parties alike, both before and after election, and to unite upon and adopt a declaration of principles to guide such candidates in the administration of their offices, if elected.

$75,000 IN GEMS STOLEN

Daughter of E. H. Harriman Loses Small Fortune to Robbers.

ROPE OF PEARLS AMONG THE LOOT

Home of C. C. Rumsey at Narragansett Pier Yields Rich Booty.

New York, July 29.—Gems valued at $75,000, including a rope of pearls worth $60,000 were stolen from the home of C. C. Rumsey, at Narragansett pier during the twenty-four hours ending Saturday night. Mrs. Rumsey was a daughter of the late E. H. Harriman. The theft was made known today.

The rope of pearls was given to Mrs. Rumsey by her mother and had a sentimental value far in excess of its intrinsic worth. Other jewels were stolen according to a statement issued at the office of the Harriman estate in this city, include the following:

Ruby and pearl pendant.
Gold pin set with ruby solitaire.
Diamond brooch.
Gold mesh bag.

Mrs. Rumsey's home was entered some time between 8 o'clock Saturday night and the same hour Sunday morning. Only the contents of one room, that usually occupied by Mrs. Rumsey, was disturbed, according to the announcement. How the thief entered the house, whether Mrs. Rumsey was at home at the time and other details of the robbery were lacking at the office of the Harriman estate, which had been acquainted with only meagre facts concerning the robbery.

The theft had not been reported to the police this afternoon and Mr. Tegetoff, secretary of the late E. H. Harriman, who made the announcement said that private detectives were working on the case and probably would handle it independently of the police. Mrs. Rumsey is now at her home at Narragansett Pier, R. I.

"Seventy thousand dollars is a conservative estimate of the value of the jewels which were stolen," Mr. Tegetoff said, "The rope of pearls was, of course, the most valuable article taken. I should not like to state the individual values of the other articles stolen, but I appraised them myself and have had them in my hands many a time."

Mr. Tegetoff added that he expected to go to Naragansett Pier this afternoon to obtain fuller details of the robbery.

LOCOL POLICE IN DARK.

Sleuths at Narragansett Pier Knew Nothing of Robbery.

Narragansett Pier, R. I., July 29.—The news dispatches from New York today brought to the local police their first knowledge of a jewel robbery at the summer residence of C. C. Rumsey.

It is understood that the loss of the gems was discovered on Sunday night. It was decided that their recovery would be more probable if they were sought through private agencies and with a minimum of publicity. Accordingly the police were not notified. The Rumseys occupy a palatial home on Ocean avenue. The jewels were in Mrs. Rumsey's sleeping room late Saturday

How He Sells Them

"How do you sell them?

JOE A. ROSSELL was at Decatur the other day while on his way home from one of his regular commercial trips, when he saw a newsboy on the street selling the Fort Wayne Sentinel. While digging into his pocket for the required coin, Mr. Rossell wondered whether or not The Sentinel sold on the streets of Decatur for the same price as on the streets of Fort Wayne, so he asked the boy:

"How do you sell your papers, sonny?"

"How do I sell 'em?" responded the boy.

"Yes," repeated Mr. Rossell, "how do you sell them?"

"Oh," answered the lad, "just by hollerin'."

out qualifications for public office other than their usefulness in a party machine, with the inevitable result of inefficient government, the waste of public funds, and the demoralizing of that healthy boosting spirit that should exist in all of our citizens unitedly.

We therefore pledge ourselves in this campaign to select candidates for office regardless of their political affiliations and with a sole view to their honesty, efficiency and fitness to hold the office for which they are nominated; and we pledge all candidates elected on this ticket to disregard considerations of partisan success and to conduct the affairs of the respective offices to which they are elected with a sole view to the best interests of the city as a whole.

The Remaining Planks.

In the planks which follow it is declared that the independents take a definite stand on all the important civic questions which confront Fort Wayne. The full text of the platform will not be made public, however, until it is submitted for action by the mass meeting on Friday evening.

The citizens' committee of thirty which has charge of the arrangements for placing a non-partisan ticket in the municipal campaign held its third meeting Monday night at the office of Dr. A. H. Macbeth and named Friday night, August 1, as the date for the mass convention of voters who are in sympathy with the proposed plan of removing politics from the city administration.

The big meeting, for which a call is issued today, will be held at the assembly room of the court house and Hon. Perry A. Randall will preside as chairman over the temporary preliminaries. The meeting will assume all of the characteristics of a regular convention. The platform, which was completed at last night's session, will be presented, and names of proposed candidates on the citizens' non-partisan ticket will be recommended by the committee.

All voters of the city who are interested in the cause of better city government are invited to attend and their cooperation will be solicited in the selection of candidates for every office on the ticket, and the platform will be open for amendments and changes if any worthy suggestions for such are submitted. Candidates for ward councilmen will be discussed and arrangements will also be made for the organization of the separate wards.

After having decided upon the date for the citizens' mass convention, the platform committee again took up the separate planks of the non partisan document with the other members of the committee, and the discussion continued until about 1 o'clock this morning. The platform is now in shape for its presentation to the voters and candidates. It is said to be one of the strongest declarations for better government that was ever drafted in Fort Wayne.

present disturbed conditions of that country. The committee shall report with as little delay as possible the true conditions in Mexico, the protection given Americans and American interests, the truth regarding the inhumanities and atrocities which come to the knowledge of this body through official sources and all other facts relating to the matter. The committee will with as little delay as possible, recommend what action should be taken by congress."

Ordered Released.

Charles Bissel and Bernard McDonald, the two mine managers held by Mexican federals under sentence of death at Chihuahua have been ordered released by the Huerta government. Charge Algara of the embassy here, so informed Secretary Bryan today. It was said Mr. Bryan expressed gratification at the prompt action the Huerta government had given to American representatives in the cases as well as that of Dixon, the immigration officer, shot at Juarez.

AS LIAR AND BLACKMAILER

(Continued from Page 1.)

"You made the statement that this man was a blackmailer; that means he used threats to extort money," said Senator Reed.

"I think he was trying to get money out of his own people," returned Mr. Underwood.

Chairman Underwood read Mulhall's letter about the alleged interview in which Mulhall wrote that Underwood had told him that he could not do otherwise than appoint William B. Wilson, now secretary of labor, chairman of the house labor committee, because there was no other candidate before the ways and means committee.

Lie Out of Whole Cloth.

"That whole statement is a lie out of whole cloth—not a word of truth in it," declared Mr. Underwood. "There never was a question about Wilson's selection as head of that committee, solely because of his capacity and qualifications. It is clear to me this man was down here writing these things to his people trying to make out that he was doing great things. He never had any conference with me. The statement in his letter can be disproved by every member of the ways and means committee. I am sure I never met this man. He has a face I could not forget."

"There is nothing here that reflects on me," continued Mr. Underwood, "but I want it set right before the country."

Mulhall reiterated he had talked with Underwood briefly in the corridor and had written to his employers "about conditions just as I found them in Washington at that time."

Clash With Mulhall.

"I have no desire to contradict Mr. Underwood," he said, "but I am convinced that after he has heard my other witnesses and this examination has been ended he will take back part of what he has said."

"The statements you made in your letters were not true and can be proved not true by other members of the ways and means committee," retorted Mr. Underwood, "therefore it was self-evident I did not make them to you."

"I will stand as clean before the country as you will," returned Mulhall, heatedly.

"Oh, I have no question about how we will stand relatively before the public," replied Underwood with a laugh and left the committee room. The incident created a flurry that had not wholly subsided when the committee settled down to the further identification of letters.

Made His Proposal.

Mulhall testified that he made his proposal to Wilson, now secretary of labor, personally, and to Clark and Mann in a letter through Representative McDermott, of Illinois.

He testified he also had offered his correspondence to Samuel Gompers, president of the American Federation of Labor, that Gompers had declined.

"Were the letters of their substance laid before Mr. Wilson," asked Senator Walsh.

"I gave Mr. Wilson an understanding of what I had," replied Mulhall. Speaker Clark and Mr. Mann, Mulhall said, would not have the matter "come up."

"Did you have a talk with either?" asked Senator Cummins.

"No, sir."

"Did you offer to sell them to Gompers?"

"No. I offered to give them."

Mulhall went briefly into the story of his separation from the National Association of Manufacturers late in 1911. He disagreed with his superiors about his participation in a campaign in Maine in which he swore the United States Brewers association had paid his expenses. His resignation followed a rebuke by the executive board of manufacturers. The manufacturers wanted to keep out the liquor fights. Mulhall explained he thought Watson was trying to get his place with the manufacturers and that Congressman Littlefield was instrumental in events leading up to his resignation.

A NEW YELLOW PERIL—THOUSANDS OF HINDUS ARE NOW FLOCKING TO THE PACIFIC COAST.

A DECKFUL OF DIRTY EAST INDIANS, WHO BREED LIKE RATS AND LIVE IN SQUALOR—THOUSANDS OF THEM ARE FLOCKING TO THE PACIFIC COAST.

Seattle, Wash., July 29.—We bar the Japs and the Chinese, and talk of the yellow peril, but there is no law to bar a hundred million Hindus, should they care to come to the Pacific coast. Over 900 came to Seattle recently in one ship, the Great Northern liner Minnesota.

"There is no law barring Hindus," answered the commissioner of immigration. "Each will be examined. No specific amount of money is necessary to secure admission to this country, but we take into consideration all conditions and what the applicant expects to do."

Ten years ago there were no Hindus on the Pacific coast, except an occasional "fakir," or Hindu doctor.

It is a common sight to see six or a dozen of them trailing along the street, East Indian fashion.

It is the same way with the Japanese. Before 1895 there were so few that people stopped to look at them on the street.

Today there are 60,000 in California, 10,000 in Oregon and 20,000 in Washington.

The Japanese came here because they said Japan was overcrowded and a famine threatened.

The Hindus have a much better excuse. East India is not only overcrowded, but it is jammed. Famine is not only threatened, but a fearful fact.

All of the objections raised against the Chinese and Japs pale into insignificance when compared with those against the East Indians.

They breed like rats, live in squalor and die by the million of plague and starvation.

The East Indian has lived for so many centuries in poverty and oppression that he has reached a plane much lower than that of the Japanese. Grown men marry baby girls six and eight years old.

British Columbia awakened to the peril early, and after two or three anti-Hindu demonstrations, a rule was made preventing their sailing on vessels bound for Canadian ports. But they are still welcome in the United States.

The population of East India is 316,000,000. It is estimated that if 100,000,000 emigrated, the rest would have a good chance to earn a living.

THE DEATHS.

POWELL.

Almo O. Powell, wife of Frank W. Powell, of 1023 Pape avenue, died at 2:30 o'clock this morning after an illness of seven months' duration. Death was due to tuberculosis.

Mrs. Powell has been a resident of Fort Wayne for the past eight years. She was a member of the Precious Blood Catholic church and of several of the societies of that congregation. leaves two daughters, Laura and Evelyn Powell, her parents, Mr. and Mrs. Jesse Banet, of Lulu, Ind., five brothers and four sisters—Louis, Ernest, Jessie, Arthur, Leonard, Lillian, Florence, Stella and Blanch.

MOTOR WAGONS TO COME THIS YEAR

Cars for Fire Chief and Assistant Prospect at Once.

THE MUNICIPAL NEWS

The board of safety at a special meeting tonight will take the first steps toward obtaining motor trucks for the use of Fire Chief Henry Hilbrecht and Assistant Fire Chief George Jasper. It was at first designed to include provision for these automobiles in the board of safety's annual budget, in which event they could not be purchased until next year. Comptroller W. S. Cutshall believes he can find a way to provide the money from funds already in hand so that the trucks may be purchased at once and put in service. The comptroller will recommend this to the council in a communication that will show from what sources the appropriations can be obtained and an ordinance for providing the money will probably be introduced at the next meeting of the council. The two trucks will cost between $5,000 and $6,000. They are badly needed by reason of the fact that the motorizing of other fire equipment gets a lot of the apparatus at fires ahead of the chief and his assistant.

Will Urge Signal Station.

The board of safety at its meeting tonight will direct to the board of works a letter urging the board to undertake in its budget provision for the construction of a fireproof signal station to accommodate the fire and police department electric systems. The need of this improvement is urgent and Chief Electrician Robert Gaskill has impressed the board of safety that some such provision is imperative.

The board will also want provision made for six new alarm boxes. Twenty-six have been installed during the past three and a half years.

The board will recommend provision for raising the salaries of the eight first and the eight second lieutenants of the fire department. The first lieutenants are to receive $5 additional and the second lieutenants $2.50 additional monthly. The total cost of this raise will be but $60 per month.

Two additional detectives will be asked for and if this is brought about the secret service bureau of the police department will probably be reorganized in some essential respects and placed in charge of a captain of detectives.

The board will take up the case of Sanitary Officer Mark Hall, suspended by the health department, and give him a hearing if he appears and demands it. It is believed Hall will be dismissed and an officer appointed in his stead.

PILING OUT AT FAIRFIELD.

Contractors Begin Paving Work Under Wabash Subway Bridge.

This morning the Wabash workmen placed the last slabs on the bridge at the Wabash and Fairfield avenue subway, removed the piling and made the way clear for the Moellering Construction company to begin the work of paving. The concrete is now going rapidly and by the end of the present week it is believed the thoroughfare can be opened to traffic. The Wabash railroad is now running trains over the permanent work. As soon as Fairfield avenue is thrown open Broadway will be closed at the Wabash tracks and work on that subway will be resumed by the city.

COMPTROLLER HURRYING THEM.

Estimates of Departments Must Be In Before Tuesday Night.

Comptroller W. S. Cutshall is putting the spurs to the executive boards of the city government in an effort to get their estimates of needs for the coming year in hand. The appropriation ordinance and tax levy must go to the council at its meeting Tuesday night owing to the new law which requires that the appropriations be made and the levy fixed the last of August instead of the last of September as heretofore. The park board's estimate is already in and the board of safety's will doubtless be ready tomorrow to hand in. The board of works has not yet prepared its estimate, but will do so this week. The comptroller must get them in hand early enough to subject them to the trimming process and he is therefore urging haste.

MAY ASK FOR NEW NURSE.

Dr. Eric Crull, secretary of the board of health, may ask the Anti-Tuberculosis society to appoint another visiting nurse to serve until the regularly employed nurse, Miss Sylvia Shively, returns from Defiance, O., where she is in attendance upon a brother who is down with typhoid fever. The society and the health department entertain in common a deep anxiety to have as complete data as possible concerning tuberculosis in the city in order to submit it to the county council next September, when it is hoped steps will be taken to provide the county with a tuberculosis sanitarium.

CITY HALL NOTES.

Following a suggestion made by Chairman Frank T. Benoy, of the board of works, it has been decided by the park board to place the electric light tower removed from the Hoaglund school at a point near the tool house in Reservoir park. The location selected is at the intersection of Taber and Barr streets prolonged and will situate the lights so that they can shine unobstructedly through East and West Taber streets and North and South Barr streets.

Inspector Jule Huguenard has returned from his outing at Rome City to resume his duties in the health department, which is just now short-handed in the matter of officers.

Grosjean Brothers were given the contract for building an addition to the coal bunkers at the municipal lighting station at the Monday meeting of the board of works.

FALLS TO DEATH IN HOTEL.

William Edwards Takes Fatal Plunge Down Shaft at Pittsburg.

Pittsburg, Pa., July 29.—Guests at the Colonial Annex hotel were aroused at daybreak today by the sound of crashing glass, and when employes hastened to the banquet room they found the body of William Edwards, 40, on the floor. He had fallen from a window of his room seventy five feet down a light shaft and crashed through a skylight. Edwards registered at the hotel soon after last midnight. He was a Pittsburg man.

DECIDE ON FARM SITE TOMORROW

Commissioners Put Off Decision Another Day to Consult Further.

NEWS OF THE COURTS

The board of county commissioners have deferred until tomorrow the making of a choice on the site for a county farm. They have another day before the options taken on favored tracts of land expire and will take advantage of the time for further consultation and advisement. It is practically certain that the site chosen will be the Geller and Brown tracts, about seven miles north of the city. The Geller tract has 240 acres and the Brown tract 293, a total of 533 acres, which make a farm just about the area the commissioners believe ought to be acquired.

Driven from Home; Gets Divorce.

In the superior court today Acting Judge William C. Ryan granted a divorce to Amanda Hamrich from Warren A. Hamrich. The woman formerly lived in Decatur and says her husband persecuted her until she was forced to leave that city and come to Fort Wayne. She says he had her house repeatedly raided by officers on the charge that she was running an immoral place. She was always acquitted of these charges.

Notes of the Courts.

The Citizens' Trust company has commenced suit in the superior court against Jesse J. Butler, Anna M. Butler and Charles A. Wilding to foreclose a mortgage. The demand is $2,000.

Officers from Noble county were here when Nelson Austin completed his term in jail for living in adultery with a Kendallville woman on Fairfield avenue, this city. He jumped a bail bond given in Noble county on a grand larceny charge and Sheriff Gladieux, learning of this, arranged for the officers of that county to be here when Austin was released.

James H. Cole has filed suit in the circuit court against Edgar W. Allen to quiet title.

The Woodburn Hardware company has commenced suit in the superior court against Charles E and Anna Burrier on note for $300.

BANDITS HOLD UP A TRAIN AT PINE

Lake Shore Brakeman So Badly Wounded That Death Ensues.

THREE UNDER ARREST

Hammond, Ind., July 29.—A Lake Shore freight train passing through Pine, Ind., early today, was held up by bandits and cars filled with valuable merchandise were broken into and robbed.

During the fight between the robbers and trainmen, J. S. Roy, a brakeman, was wounded so badly that he later died in a Chicago hospital. Three men were arrested at Indiana Harbor today by railroad detectives who declare they have connected them with the crime.

They gave their names as George Gray and George Murray, both of New York, and Joe Goldstein, of Chicago.

afternoon when she dressed for dinner. They were not to be found at the same hour the following day.

"Canning Rock," the cottage where the robbery occurred, showed no signs of breaking and entering. No other property was stolen. Five servants were in the house at the time, all family retainers of long service and none of these is suspected.

The robbery offered no difficulty even to an amateur thief, because Mrs. Rumsey kept her jewels in an unlocked drawer of her bureau and the doors and windows of the house were customarily left unfastened both day and night. The rope of pearls contained 130 graduated gems. Part of these had been bought from a New York jeweler before Mrs. Rumsey's wedding, for $35,000. The rest were taken from the jewel cases of Mrs. Harriman, who had them put together and gave them to her daughter as a wedding present. The largest of the pearls weighed 21 grains. The value of a pearl and ruby pendant was $5,000 a ruby bar pin was worth about $5,000 a diamond brooch $2,000 and a gold mesh bag, set with diamonds and sapphires, $1,200.

MATRON SUPPRESSES BLOOMERS.

Declared Immodest Attire for Y. W. C. A. Camp Near LaCrosse.

LaCrosse, Wis., July 29.—Bloomers, which twenty-five girls in the Young Women's Christian association camp at Riverview, just north of here, have worn as their preferred camp attire, have been ordered suppressed by the matron, Miss Bertha Hoefke. Because of the constantly passing stream of motor boats and steamers this dress is declared immodest and the girls are ordered to wear skirts.

The young women, who find the bloomers more convenient than bobble skirts for hill climbing and rambling through the woods, are in revolt against the order, but have been told they will have to wear skirts or leave the camp.

LICENSED TO WED.

Leopard H. Bueter, deputy treasurer, 24, and Grace J. Parisot, 23.

Charles M. Lindly, conductor, 24, and Blanche Donaldson, 20.

Forest H. Anderson, electrical craneman, 21, and Julia L. Junk, 21.

Ladies' Aid society of the South Side Baptist church will give an ice cream social tonight on the lawn at the home of Mr. and Mrs. Harry Fletcher, 2520 South Broadwar.—Adv.

DECATUR CHURCH PICNIC AT PARK

Presbyterian Congregation is Enjoying Its Annual Outing.

READY FOR BOYS' DAY

The annual picnic of the First Presbyterian church of Decatur is being held today at Robison park and about one hundred members and friends of the congregation are enjoying the outing. The trip was made to Fort Wayne in three special cars over the lines of the Fort Wayne & Spring Interurban company. Special cars over the park line carried the picnickers to the park at 10 o'clock.

At noon a big basket dinner was enjoyed, and the afternoon is being devoted to games and athletic contests, and this evening the visitors will take in all of the amusements at the popular resort.

Annual Boys' Day Event.

The annual celebration of "boys' day" will be held at the park tomorrow and Manager Williams has prepared a delightful program for the youngsters. There will be a feature parade about the grounds and the usual "copper trail" in which the lads will scramble for pennies. For the best fifteen costumes in the parade prizes will be given. Each boy in the parade will be given a baseball, and the smaller laddies will be given rubber balls. A record-breaking attendance is anticipated.

MANY CONTRACTS FOR BRIDGE WORK

Commissioners Make Seventeen Awards for Culverts and Repairs.

TOTAL IS NEAR $10,000

Bridge and culvert work in the main made necessary by the floods of last March is provided for in seventeen contracts for repairs and new construction awarded by the board of county commissioners today. The total amount of expenditures for this work is $9,709.95 and the money was appropriated last month at a special meeting of the county council called for that purpose.

The largest single contract is for the Gustin bridge in Maumee township, which will cost $4,220. Following are the contracts, location, successful bidder and the amount of the bid:

No. 35—Section 21, Pleasant township, on Bluffton road at Kerchoff's, E. L. Gallagher, $269; culvert.

No. 36—Section 34, St. Joe township, at Dennfelser's, Henry J. Penn, $338; culvert.

No. 37—Center line section 30, Eel River township, at Hull's, E. L. Gallagher, $270; culvert.

No. 38—Northwest corner section 35, Maumee township, Julian Sweet, $414.95; culvert.

No. 39—Section 20, St. Joe township, Hayden road, at Parker's, George Jaap, $340; culvert.

No. 40—Gustin bridge in Maumee township, Harry Ziemer, $3,700.

No. 41—North line section 31, Lafayette township, at Knight's, E. L. Gallagher, $348; abutments and bridge.

No. 42—Northwest corner section 6, Washington township, Henry J. Penn, $300; abutments and concrete floor.

No. 43—North line section 3, Perry township, over Cedar Creek, George Jaap, $1,030; repair to bridge and abutments.

No. 44.—South line section 32, Jefferson township, George Jaap, $155; repair to bridge.

No. 45.—Center line section 23, Adams township, E. L. Gallagher, $243; repair to bridge.

No. 46.—South line section 29, Springfield township, E. L. Gallagher, $290; repair to bridge and abutments.

No. 47.—Section 20, Maumee township, on Bull rapids road, Julian Sweet, $80; repair to bridge.

No. 48.—Center line section 32, St. Joe township, on Maysville road, Fred W. Tapp, $110; repair to bridge.

No. 49.—Center line section 32, St. Joe township, Maysville road at Gillie's, Fred W. Tapp, $85; repair to bridge.

No. 50.—Center line section 33, St. Joe township, Maysville road at Tapp's, Fred W. Tapp, $180; repair to bridge.

No. 51.—County line Allen and Adams counties, over St. Mary's river, George Jaap, $528; wings to bridges.

There were thirteen bidders for this work and the commissioners believe the work has been awarded on terms advantageous to the county. The work will be inaugurated in most cases at once that it may be completed this season.

SHRINE BAND TO GARRETT.

Will Give Concert and Be Entertained at a Banquet.

Accepting an invitation from three of its Garrett members, the nomad band of Mizpah temple will go to that city Wednesday evening to give a concert and to participate in an entertainment which will be followed by a banquet. The band will leave Fort Wayne in a special car over the Fort Wayne & Northwestern interurban. The invitation was sent by E. C. Reyher, J. E. Lloyd and Clarence Trainer.

Following their arrival at Garrett the band will join in a street parade which is to terminate at a downtown corner, where all arrangements have been completed for the concert. At the close of the program the Fort Wayne Shriners will be entertained at a smoker and banquet.

Anty Drudge—"Well, my dear, perhaps I am to thank for telling you about Fels-Naptha Soap, but Fels-Naptha is your real friend. *It* does your work for you, and has made this fine change in you."

Fels-Naptha Soap is a friend to the whole family. It's a friend to the father and the children, because they come home from school and work to find a rested, smiling mother—even on washday.

Fels-Naptha Soap does the best work in cool or lukewarm water without boiling, hard rubbing or scrubbing.

NEWS OF FORT WAYNE'S NEIGHBORS

AUBURN EDITOR HAD REMARKABLE CAREER

Death of J. Edgar Buchanan Removes One of City's Most Successful and Active Figures.

Auburn, Ind., July 29.—The remains of J. Edgar Buchanan, widely known editor and publisher of this city whose death took place in Evanston, Ill., where he had gone for an operation, arrived here last evening. The funeral will be held Thursday afternoon.

J. EDGAR BUCHANAN,
Auburn Editor Whose Death Occurred in Evanston Hospital.

Mr. Buchanan, a product of Fairfield township, DeKalb county, had devoted the constructive period of his life to school teaching and to the newspaper business. What success he has been we leave for those who have followed him to say.

Several months ago his health began failing and he submitted to an operation for the removal of diseased glands in his groins. Treatment followed, but accomplished nothing. Friends hoped he was improving, but he was really losing his grip on life despite his determined fight. Some four weeks ago he returned to Chicago for additional treatment and his physician sent him to the St. Francis hospital, where his decline had been apparent. Another operation was advised by his attending physician and Friday he consented, but it brought him not even temporary relief, rather hastened his death. Saturday night he was very bad and at noon Sunday the end came.

Mrs. Buchanan went to his bedside a week ago Sunday and it was apparent then that he was not so well, but hope for the best buoyed her up to the very last, and it is needless to say the shock is great.

Their son, Vern, was at home. Sunday morning about 9:45 he received a message to come at once, and accompanied by Charles E. Leason, Henry Durst and Will Brechill, left on what was feared to be a race with death. It was not, however, for the grim reaper garnered the sheaf even before the son was aboard his train, yet he did not learn of the visitation until about 7:45 Sunday evening on the very threshold of the hospital. There Mrs. H. M. Timbrook, of this city, who was visiting her son, met the four anxious ones and apprised them that the end had come.

This very vaguely gives the facts in general. Mr. Buchanan never sought glory and no effort will be made to thrust it on him now. Mr. Buchanan was too well known to need any eulogistic words. His life had been lived in and near the scenes of his birthplace and the writer is willing for his social and business acquaintances to pass judgment.

His newspaper career here, preceded by several years at the helm of the Albion New Era, has been a remarkable one, simply because he made it so by hard work and good business judgment. At the time of his death he was the manager of the Auburn Printing company, the editor of the Auburn Dispatch and of the Evening Star, which superseded the Evening Dispatch in February of this year, and was connected with numerous other business enterprises.

HUNTINGTON VIGILANTES.

Young Men Near Railroad Yards Band Together to Route Hoboes.

Huntington, Ind., July 29.—The increasing pest of hoboes in the vicinity of the Erie railroad yards here has become a means of gratifying the love of the chase in the breasts of young men living in that neighborhood. Within the last two or three weeks several of the young men have been playing policemen and they have found ample opportunity for doing so.

Near the Wabash-Erie junction there are many empty box cars and these furnish havens of refuge for the "wears" at night. Between 10 and 12 o'clock almost every night these young fellows equipped with regulation flash lights and their nerve visit the box cars, rout the hoboes out, march them to the vicinity of the lime kilns and then turn them loose, with the admonition to dig," and not be long in digging.

In defense of their usurpation of police power, the boys say the the hoboes have been responsible for many small raids on edibles, and other unnecessary and objectionable diversions. This has caused an ill feeling against the transients, and as they are so numerous they take steps to reduce the number somewhat.

VICTIM A HICKSVILLE MAN.

Garrett, Ind., July 29.—William Benir, aged about forty-five, a member of the Hicksville fire department, died in the Sacred Heart hospital from injuries he received Sunday evening shortly after 9 o'clock, when he was struck by a Fort Wayne & Northwestern interurban car near Altona, a mile west of here, apparently in a stupor, he had been sleeping on the tracks. At the coroner's inquest held, the railroad company was exonerated from all blame. Local officials of the interurban were present at the inquest.

According to reliable information Benir had boarded a Fort Wayne & Northwestern car at Fort Wayne, bound for Garrett.

WANTS HIS RING RETURNED TO HIM

Portland Youth Who Finds New Sweetheart Sues to Recover Engagement Cincture from Discarded Dulcinea.

Portland, Ind., July 29.—A replevin suit instituted in the court of Justice of the Peace A. G. Lewis by Chris Lambert against Miss Cecil Smith, of Redkey, a clerk in a local novelty store, bids fair to develop into an amusing trial in that it is said, the disclosures will include among other things a lover's quarrel which resulted in the estrangement of the parties to the proceeding.

Lambert is seeking to recover possession of a diamond ring valued at $25, which he claims he had permitted Miss Smith, the defendant, to wear while they were going together. They have since ceased attention to each other and now that Lambert's engagement to be married to another young lady has been announced, he is anxious to regain the ring.

Miss Smith contends that the ring was given her in good faith and that she has all along looked upon it as her property. When served with the summons on the write of replevin, Miss Smith refused to remove the ring from her finger and turn it over to the officer.

TEN DAYS' BRIDE QUITS.

Kendallville, Ind., July 29.—Ten days of married life in Kendallville with Leon Ardoline, was sufficient for Miss Louise Clawson, a sixteen-year-old girl of Edgerton, O. Mr. and Mrs. Ardoline were married in Toledo ten days ago, coming to Kendallville, where they have been guests at the Nartker hotel. The groom had been employed at the Flint & Walling factory during his brief married life, departing for parts unknown Saturday noon after his young bride refused to live with him any longer. The bride's father, Bert Clawson, came to this city taking home with him his daughter. The groom was very reticent and would not tell any one where he was going.

NEW FIELD FOR LOVE STORY.

Warsaw, Ind., July 29.—The Indiana law which makes a duly chosen and registered name of a farm a legal and protected designation, has opened a new field for the love story, especially those of the "Duchesse" school. Hereafter romantic young mothers will not have a monopoly of the high-sounding nomenclature found in the heart-throb tales of English life. Harry Lathrope, owner of forty acres just south of Winona Lake, has registered his farm as "Silvan Gambles," a title recovered from an English love story and now made perishable. There are a lot of others left and "Heatherly Hall," "Dumont's Demesne," "Wardleigh's Wold," "Frenchmen's Timbers" and many more would sound well in the record and look well on a sign.

WALLACE SHOW INCORPORATED.

Peru, Ind., July 29.—Articles of incorporation for the Carl Hagenbeck and Great Wallace Show company have been filed in the office of the Miami county recorder here. The principal place of business is named as Peru, which it is believed will set at rest the rumors that the headquarters of the big circus are to be removed to Indianapolis or some other point in the near future. The capital stock is stated to be $300,000. The incorporating members of the company are Charles E. Cory of Peru; John Talbott, of Denver, Colo., and Edward Ballard, of West Baden, Ind.

VILLAGE WOULD INCORPORATE.

Decatur, Ind., July 29.—A petition is in circulation at Pleasant Mills, six miles southeast of Decatur, to hold an election to decide the issue of incorporating the village as a town. The petition is being numerously signed and it is probable that the commissioners of Adams county will order an election. Pleasant Mills is one of the oldest communities in Adams county and was laid out by George Heath September 5, 1846, and three days later the plat was recorded. It once had much prominence as a business place. The first grist mill and the first woolen mills in the county were established there.

SMALLPOX INVADES TALMA.

Rochester, Ind., July 29.—A number of cases of smallpox have appeared in the village of Talma, in Fulton county, nine miles northeast of here, and quarantine has been established. It is said that a telephone man recently returned from Warsaw to Talma and exposed a number of persons to the disease. There are no known cases of smallpox in Warsaw, according to a dispatch from that place.

WILL HOLD OPTION ELECTION.

Warsaw, Ind., July 29.—The expected petition of pro-saloon interests asking that an option election be held in Warsaw has been filed in the county auditor's office. It bears 286 names, thirty-one more than the minimum number necessary. The election will be held within the next thirty days. The vote against the saloon in this city was heavy, the "drys" having 370 majority. But five men representing mercantile interests in Warsaw signed the present petition and the Grand Army post of this city recently passed resolutions condemning the movement to again submit the saloon question to an election.

BEATS UP HIS MOTHER-IN-LAW.

Hartford City, Ind., July 29.—Charles Baker, 25 years old, is in jail here for assault and battery with intent to kill. Mrs. Tom Nipp, his mother-in-law, received a deep gash in her scalp and had a thumb broken when Baker attacked her with a heavy pair of steel pliers. Baker was angered when he came home and found all the hot biscuits had been eaten and he started for his wife with a threat to kill her. Mrs. Nipp interfered and was badly handled by her infuriated son-in-law.

LIGHTNING DOES DAMAGE.

Huntington, Ind., July 29.—Some damage is reported from a thunder storm which passed over the county. Many telephones were put out of service in various sections. The storm's severity appears to have been greatest at Markle, where the residence of Mrs. Mary McBride was struck and considerably damaged. Lightning struck and shattered a heavy screen door at the Charles Rvorite home near Urbana and several members of the family standing near the door had a narrow escape.

VAN WERT COUNTY PIONEER DIES

Van Wert, Ind., July 29.—S. D. Merica, for more than fifty years a resident of Van Wert county, is dead at his home in Wren, near the Indiana line. His funeral will be held tomorrow. He was born in Champagne county, this state, and would have been seventy-six years old next December. He came to Van Wert county fifty-three years ago. He was a successful farmer, but had retired from active work some time ago. The widow and three daughters survive.

TOOK IN STRANGER WHO DIED.

Ashley, Ind., July 29.—A man who gave his name as John Burns and his home as Lafayette is dead at the farm home of Henry Snyder, two miles west of this place. The man came there Sunday night and asked for permission to sleep in the barn and was allowed to do so. He was found dead at the pump next morning. He was repeatedly at the pump during the night.

FIRE LOSS $6,000.

Goshen, Ind., July 29.—Recapitulation of the damage in the second disastrous fire the village of New Paris, six miles south of here, has had within a few weeks, shows the losses will total $6,000. Johnson's pool room, Harshman's pump works and Barringer's restaurant were burned with their contents. Goshen, Elkhart and Milford were appealed to for aid, and all responded.

DROWNING AT WARSAW.

Wawasee, Ind., July 29.—Becoming confused in a storm that broke while he was in swimming here, Earl Sargent, aged 18, of Chicago, got into deep water instead of getting shorewards as he purposed and was drowned. He was the guest of Judge C. D. Clark, of Chicago.

HURT IN MOTORCYCLE SMASH.

Syracuse, Ind., July 29.—Dwight Kettring, of this place, was badly hurt when his motorcycle collided with his brother Ezra's machine as the two were en route to Warsaw, being thrown into a wire fence and badly bruised and lacerated.

ADAMS COUNTY MAN DEAD.

Decatur, Ind., July 29.—Valentine Linker, widely known in Adams county, is dead at his home in Kirkland township at the age of 63 years. He came about eighteen years ago from Shelby county to Kirkland township. Besides the widow nine children survive. Death was due to tuberculosis of the knee.

NEW HAVEN NEWS.

New Haven, Ind., July 29.—Miss Delilah Swager, of Fort Wayne, is visiting relatives here.

Mr. and Mrs. Joseph Johns and son are enjoying a two weeks' outing at Rome City.

Miss Lillian Barclay returned Friday from a visit with friends at Liberty Center.

Mr. and Mrs. Homer Powell, Mrs. George Keller and John R. Hartzell motored to Auburn Thursday.

Miss Helen Snyder, of Fort Wayne, is visiting her sister, Mrs. Stephen Cruminaker.

Miss Maude Richard is reported quite ill.

Rev. Kallmeyer has returned home from a visit with relatives in Minnesota.

Albert Cramer and family and Blaine Butler and family returned Sunday from Clear lake.

Mr. and Mrs. Frank Snyder of Harlan, are visiting his brothers, Williard Snyder and wife and Henry Snyder and family.

Mr. and Mrs. Henry Mason are visiting relatives in Coldwater, Mich.

Mrs. Henry Herman and children went to Hoagland Tuesday to attend the funeral of a relative.

Misses Stella Albro, Garnet Lenhart and Hazel Gorrell took teachers' examination in Fort Wayne Saturday.

Rev. and Mrs. Barclay returned Friday from a few days' visit with friends in Bluffton.

Mr. and Mrs. Henry Felger, of Fort Wayne, were Sunday guests of Mr. and Mrs. Albert Borrow.

Miss Nellie Collins, of Van Wert, spent Sunday with friends here.

Albert Blaising and wife, of Fort Wayne, were guests of friends and relatives here Sunday.

Oral Kitchens left Monday for Mendon, Mich., where he will visit his mother.

Little Miss Genevieve Federspiel, daughter of Mr. and Mrs. Frank Federspiel, of Fort Wayne, is visiting relatives here.

Mrs. John Rheile was in Fort Wayne Saturday.

The New Haven Eagles played the Huntington team at the latter place Sunday afternoon. Score, 3 to 2 in favor of Huntington.

Ed Girardot has assumed management of the pool room which he has purchased of Ed Kallmeyer.

The following are spending the week at Home City: Will Hazelet, Curt Smith, James Dowling, Jesse Smith, August Meyers, Charlie Schnitker, Tiburges Bueter and Tom Dowling.

Dr. Morris, Mr. and Mrs. H. H. Grubb and Mr. and Mrs. S. J. Stocks spent Saturday and Sunday at Hamilton lake.

VAN WERT NEWS.

Van Wert, O., July 29.—The third annual meeting of the Van Wert County Chautauqua association opened Sunday and will continue throughout the week. The attendance is exceptionally large and the program thus far has proven a good one. During the week ex-Governor Hanly of Indiana and Hobson will debate on "Peace and War."

The Boss-Tomlinson family reunion will be held in Brown's grove in York township August 12.

Rev. F. L. Andrews, pastor of the First Baptist church of this city, who recently tendered his resignation, has received a unanimous call to return to his old pastorate in Covington, Ky.

John Smalley, a well known resident of Liberty township, is dead and the funeral, held yesterday, was largely attended.

William McGown, of Jackson township, a brother of County Recorder Albert McGown, mysteriously disappeared about eight years ago. Since his departure a brother and a sister died requiring partition of property. William was declared legally dead as no trace of him could be had. A few days ago Charles McGown, a brother, received a letter purporting to be from the long lost William in which he states that he is temporarily in a certain California town but does not expect to stay there long. However, he wants all the information he can get regarding his property.

Annual Baby Show Wednesday, August 6th.

Robison park will hold its annual Baby Show and Decorated Baby Carriage Parade on Wednesday, August 6th. Should the day be stormy and rain be falling up to 1 p. m. the event will be held the following day. There will be twenty-five prizes for twenty-five handsome babies. The three handsomest babies will each receive twenty-six pieces of silver, guaranteed for twenty-five years actual and continual service. There will be three prizes for fat babies, three prizes for tiny babies and six prizes for twin babies. The cutest baby present on Baby Day will receive a silver cup and plate with silver knife, fork and spoon, each one of exquisite design. Just bring the babies to the park on Baby day. The Baby Show will be held in the open air at 1:30 p. m. in front of the band stand in the grove. The prizes will not be awarded, however, until after the decorated baby carriage parade. Try to have the babies present by 1:30 so that each babe may be considered in the awards.

MONROEVILLE NEWS.

Monroeville, Ind., July 29.—After a brief illness following a stroke of paralysis, Mrs. Lucy Rollins died at the home of Mr. and Mrs. Geo. Ireland Monday afternoon. She was past 76 years of age and was the widow of Chas. Rollins, a former Monroeville business man, who died a number of years ago. She was a native of the eastern states and distant relatives reside near Boston, Mass. Relatives here are Mrs. G. W. Ireland and family and Mrs. L. E. Wright and family. The funeral services will be held Wednesday afternoon.

The Monroeville Blues won from Hicksville here Sunday in a well played game by a score of 2 to 1. The game was a pitchers' battle between Carr and Ostermeyer, the latter being slightly better in the pinches. Kern, Monroeville's new first baseman, won the game by putting the ball over the fence for a home run in the fouth inning.

THE SENTINEL'S DAILY SCRIPTURE READING.

Luke 15:1-10.

1 Then drew near unto him all the publicans and sinners for to hear him.

2 And the Pharisees and scribes murmured, saying, This man receiveth sinners, and eateth with them.

3 And he spake this parable unto them, saying,

4 What man of you, having an hundred sheep, if he lose one of them, doth not leave the ninety and nine in the wilderness, and go after that which is lost, until he finds it?

5 And when he hath found it, he layeth it on his shoulder, rejoicing.

6 And when he cometh home, he calleth together his friends and neighbors, saying unto them, Rejoice with me; for I have found my sheep which was lost.

7 I say unto you, that likewise joy shall be in heaven over one sinner that repenteth, more than over ninety and nine just persons, which need no repentance.

8 Either what woman having ten pieces of silver, if she lose one piece, doth not light a candle, and sweep the house, and seek diligently till she find it?

9 And when she hath found it, she calleth her friends and her neighbours together, saying, Rejoice with me; for I have found the piece which I had lost.

10 Likewise, I say unto you, there is joy in the presence of the angels of God over one sinner that repenteth.

A Little Lesson in Coal.

The cost to the coal trust of a ton of anthracite coal, in a car at the mouth of the mine, including investment expense and depreciation, labor and all proper charge offs, is approximately $1.25. At tidewater, 150 miles away, that ton of coal is sold by the trust at $4.85. Under the 60 and 40 percentage plan now in effect, the trust collects 50 per cent. profit out of its mining half of the operation and $2.85 for hauling the ton down grade from mine to tidewater, perhaps another 50 per cent. profit. When labor strikes for higher pay, the trust, after a show of resistance, yields and passes the increase on to the consumer, first multiplying it many fold.

The consumer of coal who has been up against a proposition of this kind for years is surely excusable if he manifest a friendly sort of leaning toward the plan suggested by Senator Poindexter, of Washington, that Uncle Sam exercise a tight-rein supervision over the mining of coal in Alaska, where extensive fields are shortly to be opened. The Washington man would have the government establish and operate a transportation system and to divide the business of opening and operating the coal mines between itself and private parties or corporations under lease. Half the coal lands would be developed by the government through a mining service and half by private lessees. The coal trust would no longer monopolize a treasure of nature meant for all men and charge for it is much as the traffic would bear. The present system of mining and marketing anthracite coal is hardly one which the American people will care to have perpetuated in a new field if it can be avoided.

Perhaps the tariff, the trust question and other party issues have a vital relation to the question of clean, improved streets, the extension of public service, general improvements and good government in Fort Wayne, but the average thoughtful voter is unable to see it. He is coming to the conclusion that independent action in city affairs with men of all political beliefs pulling together for a better Fort Wayne is infinitely to be preferred to the partisan buncombe that has governed the action of voters in dealing with municipal matters in the past. And isn't he right about it?

In the selection of a site for the new county farm the commissioners will do well to give heed to the point that it should not be located at too great a distance from the city. The saving in original cost of the land that might be made by the choice of a remote tract would be very quickly offset by the increased cost of transportation between farm and city, and this is an item which must be dealt with continuously.

There can be no discounting the genuineness of the civic patriotism that inspires active work in the formation of new neighborhood improvement associations about the city in the heat of midsummer. The Dayton avenue and Oakdale citizens are the latest to demonstrate that Fort Wayne's forward march isn't going to be halted.

Evansville has invited Colonel Mulhall, former expert lobbyist, to deliver an address in that city. Can it be that both the chautauqua circuits and the vaudeville houses are going to overlook a chance like this?

SEE DUTY OF PUBLIC SERVANTS.

Indianapolis News.)

The recurrence of disturbances in Terre Haute, resulting in an appeal to the governor, serves again to illustrate one of the pitiable weaknesses of local government, whether it be in Terre Haute, Indianapolis or some small settlement in a remote country. Traits of strength and of weakness are similar wherever found. The trouble with Terre Haute in its present difficulty, with New York in its fight on Tammany hall, with Indianapolis in its struggles against brewery politics, is the inclination of public servants to rest at ease in their offices forcing on the people the burden of initiative—even sometimes of execution—in the enforcement of the law. The complaint reaching Governor Ralston from Terre Haute was that gambling was being carried on at the races. Similar complaints came recently with regard to the race meeting at Mineral Springs. In each instance it might be assumed that the local officers, particularly the sheriff and the prosecutor, did all in their power to maintain the law. But did they?

Over the telephone the governor admonished the Terre Haute sheriff's office to see to it that the laws were observed. In reply to these counsels the sheriff gravely affirmed that he "notified persons * * * whom the newspapers mention * * * in connection with alleged law violations at the race meet, that any such violations of law must stop immediately." And the prosecutor of Vigo county—Little Dick Wernecke—supplements this assurance with the statement that "no one at Terre Haute had made a single complaint about the law violations and that he was ready to take affidavits as soon as any one would file them." To make peace the surer the sheriff, in the course of a voluminous explanatory letter to the governor, said that he was ready "speedily to serve all warrants directed * * * for the arrest of any person identified with any violation of the laws of this state."

Not to hold Terre Haute up to the good people of the state as the "horrible example" in maladministration, it might be mentioned that only recently it was discovered that a saloonkeeper in Indianapolis had operated his saloon for six months without a license solely because of the inclination of the inspectors, the prosecutor and others to let the people be the aggressors and only to investigate such complaints of law violations as were brought before them. This is the basic trouble with government everywhere—laxity on the part of officials whose sworn duty it is to enforce the law and not merely to await prodding by the people who desire the laws to be upheld. It is a lamentable condition, but it is not peculiar to Terre Haute with all its disgusting politics or to Indianapolis with its bipartisan ring, or to any other city. It is an impersonal evil which finds avenues for operation in willing personalities. It is not above the possibility of subjection. It can be eliminated—although here again, in the good fight for reform, the initiative, we suppose, must ever rest with the people and not with those who have been hired to do the work.

NEW "MOVIE" SENSATION.

(Grand Rapids News.)

Within a few days we may expect to see the moving picture theaters enlisted in a nation-wide search for a missing girl, Catherine Winters, who disappeared from her home in Newcastle, Ind., some time ago. Half a dozen pictures of this girl have been secured by the movie managers. These have been touched up and reproduced by the hundred. So in a few days we may expect to see this sign at all of the people's theaters:

"Have You Seen This Girl?"

And then the photographs and snapshots of Miss Winters will be flashed before the patrons.

This opens new fields for the pursuit of the missing and for the criminal.

Suppose a man robs a bank at Sinsconsett, Mass., and takes to the tall timbers. The police rub every picture of him they can find. These are given to the movie managers, and reproduced. Soon the patrons of every nickel theater in the country are made acquainted with the features of the absconding banker.

Will it be possible for him to escape the eagle eyes of 90,000,000 free-born Americans?

PRESS COMMENT ON BINGHAMTON FIRE.

"Too Familiar Horror."

Philadelphia Press: "The awful burning alive of half a hundred girls and women in a Binghamton (N. Y.) fire trap is presented with all its sickening but too familiar horror."

"Criminal Negligence."

Syracuse Herald: "The character of the fire and the conditions that made it so painfully and swiftly destructive are so unusual that the theory of criminal negligence on somebody's part becomes at once tenable and calls for searching inquiry and a stern accounting."

"Tinder Box Will Burn."

Boston Herald: "The terrible tragedy at Binghamton has simply given new emphasis to an old truth that a big tinder box will burn quickly."

"Dangerous Condition."

Buffalo Commercial: "Regarded from its most favorable viewpoint, the Binghamton tragedy makes clear the dangerous condition of the average factory where large numbers of women and girls are employed."

"Sweeping Reforms."

Elmira Gazette: "It is to be hoped that when all the facts are ascertained in connection with the Binghamton fire sweeping reforms will be demanded that will make less likely a repetition of the disaster."

"Wasted Energy."

Washington Post: "What New York needs is less political reform and more actual reform. A great deal of energy that ought to be applied to factory inspection is wasted on the closing of dance halls and cabarets."

A Question.

Boston Post: "Is it possible that New York state cannot reform her factories for the safeguarding of the lives of working girls?"

"Drills Fruitless."

Syracuse Journal: "Fire drills are not inadvisable but how fruitless they prove. Familiarity doth indeed breed contempt. The sound of the fire gong in factory inspection has become a senseless sound to the workman's ears."

C. E. PALMER AND RITCHIE RESIGN

Two Officials of Traction System Will Leave Next Month.

TAKE OTHER PLACES

C. E. Palmer, superintendent of transportation, and R. R. Ritchie, supervisor of safety, of the Fort Wayne and Northern Indiana Traction company, have tendered their resignations to General Manager Samuel W. Greenland, and will sever their official connections with the company August 1. Their resignations were submitted several days ago, but no announcement of the change was made until after action had been taken by officials and members of the board of directors, of which J. L. Jones, of Philadelphia, is chairman.

Mr. Palmer and family will go to their former home at Middletown, O., for a visit with relatives for thirty days. Mr. Palmer states that he has accepted a place with another large traction company, but at this time he is not at liberty to give the details concerning his new position, which he expects to assume about the first of September. Mr. Palmer has held the office of superintendent of transportation for nearly two years, succeeding F. I. Hardy. He came to Fort Wayne from Michigan City.

Mr. Ritchie has accepted a position with the Mobile Railway and Light company, of Mobile, Ala., and will leave the first of next month to assume his new duties. He has been employed by the traction company here for one and a half years. When the company decided to co-operate in the safety first movement for the prevention of accidents, Mr. Ritchie was placed at the head of the safety first department as superintendent.

According to General Manager Greenland, nobody has yet been selected to fill the positions just made vacant.

More than half of the population of Cuba is found in the rural districts.

TEACHERS WILL HOLD MEETING.

Several Society Sessions of South Side Baptist Congregation.

A special meeting of the officers of the Sunday school teachers of the South Side Baptist church will be held Friday evening at the home of Superintendent E. J. Graham, 2815 Indiana avenue.

The Ladies' Aid society of the congregation will give an ice cream social this evening at the home of H. P. Fletcher, 2520 Broadway.

The regular mid-week prayer service will be held Wednesday evening at which time the subject will be "The Calling of John, the Baptist."

Seats Tomorrow Morning for "Fine Feathers."

Judging from the number of inquiries by mail, telephone and in person received at the box office of the Majestic where "Fine Feathers" plays a special engagement next Saturday matinee and night, there will be a record-breaking crowd in line tomorrow when seats for the engagement go on sale. Never before has any dramatic offering been sent to this city which holds forth so much promise as "Fine Feathers," with its original cast of famous stars. The play comes here direct from its remarkable run at the Astor theater, New York, where it even made the blase Broadway patrons sit up and take notice. The company comes here with not a single name changed, and including all its origina celebrities, such as Robert Edeson, Wilton Lackaye, Max Figman, Rose Coghlan, Lolita Robertson and Amelia Sumers. As many local playgoers saw the performance during its Chicago run, the word has already been passed that "Fine Feathers" is a play not to be missed. It is only necessary to add that the original all-star cast and the original scenic production will distinguish the local engagement of this wonderful drama by Eugene Walter.

Aid Society Will Meet.

The Spy Run and Bloomingdale division of the Ladies' Aid society of the West Jefferson Street Church of Christ will hold an all day sewing Wednesday at the home of Mrs. William Lakey, 1720 Oakland street.

CITY COURT HELD MINUS GALLERY

Loafers Kept Out by the Fresh Calcimine on the Walls.

NEWS OF THE POLICE

Judge Mungovan and the other officials of the city court had two choice refreshments this morning in the odor of nice fresh green paint, just spread on the walls, and in the absence of the gallery loafers, who were driven outside to exhale their perfumes upon the circumambient because their presence would have damaged the new coat of calcimine on their reservation. To the outsider this may seem like a trifle, but to those whose duties oblige them to stay in the stuffy court room an hour or two the absence of the crowd of rail birds meant a lot in respect of the senses of smell, taste and sight.

Minnie Will Figur Case.

After Judge Mungovan had declared Minnie Lawson guilty of running a house of ill fame on Eureka street and had soaked her for $100 and costs, the madame, who had boasted of her power to "get by" the police, took an appeal to the circuit court and put up a cash bond of $200. Alva Smith, an inmate of the place, defaulted her surety bond and it will be forfeited. Sam Johnson, the man in the case, forfeited his bond of $25 and it was consumed by the fine of $15 and costs. Judge Mungovan suspended a ten-day jail sentence he tacked on to Johnson.

Dragnet Drew Shoal of Vags.

The police dragnet was swept over the Nickel Plate tracks in the east end early this morning and a shoal of vags was the result. A dozen of them, with their travel stains, guiltless of soap or water, stood confessed in one huge brood before the court. All pleaded guilty and all were given a chance to find work or hit the out-trail. Most of them were young fellows who needed only baths and fit clothes to make them look fairly well.

Drew the Only Meal Ticket.

Tom Keeler, an alcoholic, who was in and out again yesterday morning, was in again today and drew the only meal ticket dispensed by Judge Mungovan to the score of drunks and vags arraigned. He begged hard to be allowed to leave the city, but the court thought he needed a ten-day layup to restore his system to condition to work.

Came to See Physician.

Dan Schilling said he came down from Auburn to consult a cranial specialist regarding a bump he lately got on the bean when thrown from an automobile. He ran into Toni Smith, an affable stranger, who told the court that he lays bricks when not laying for drinks, and the consultations got no farther than "What'll you have" at several bars. The twain were down and out in the Nickel Plate depot region when Officer Barr picked them up. Schilling was still dazed either from his bump or the booze when he was arraigned, but finally got enough of his wits together to furnish an intelligible indication of the speed he could make getting back to Auburn and both were let go.

Real Burst of Speed.

After briefly hearing the charge of disorderly conduct against Tony Antonio Judge Mungovan made him free and Station Officer Degitz gave the Italian the speed sign. Antonio struck up a trot right from the bar of the court and he increased his foot stroke to fifty-yards sprint gait before he reached the door and hung a new mark for quick exit from the police tribunal.

Other Cases in Court.

Pete Gibson, Charles Putnam, Frank Ditterhof, Tom Smith and Sam Larimore, all drunk charges, were released. Frank Baird, drunk, was held until tomorrow for trial.

"George" Saloom Ade, charged with assault and battery for biting off the ear of another Syrian July 12, during a fight, was brought back last night from Bryan, Ohio, by Detective Sergeant Ward Hall, and today his case was continued until tomorrow morning under $500 bond.

Joe Marina and Joe Colone, two Italians arrested for fighting and held principally as witnesses in the stabbing affair in which Josie LaRosa almost murdered Josephine Sacci on Molita street, several weeks ago, were given further continuance until August 12.

The case against Fred Beagle, charged with wife desertion, was dismissed at the instance of Assistant Prosecutor F. R. Dulin.

GOES AFTER WIFE DESERTER.

Detective Sergeant Walter Immel left today for Detroit to bring back William Lewis, arrested in that city at the instance of the Fort Wayne police department for wife desertion. Lewis left here July 12 and made no provision for his wife and she filed an affidavit against him. Word to Chief Abbott states that Lewis will return without requisition procedure.

NOTES OF THE POLICE.

Officer J. B. Williams, of Crawfordsville, reached Fort Wayne last night and today returned with Harry Baldwin, wanted at the Montgomery county capital for contempt of court. He is wanted there as a witness.

The police receive numerous complaints from all sections of the city about barking dogs. Annoyed neighbors want the department to suppress the nuisances.

Since the arrest last week of Walter Hamilton and his pal, Edwards, there have been no complaints of chicken stealing in the Melita street section from which scores of complaints had been coming. That the arrest of the negroes is responsible for this quietude the police are positive.

The rolling stock of the Italian state railways at the close of the fiscal year 1912 includes 4,971 steam locomotives, 50 electric locomotives, 10,037 passenger coaches, 92,927 freight cars, 3,371 baggage and postal cars and 2,308 work and repair cars.

MILLS TAKES EXCEPTION.

Decries Laudation of Emperor William by Andrew Carnegie.

Washington, July 29.—Gen. A. L. Mills, U. S. A., head of the militia division of the war department, today issued a statement taking sharp exception to the praise awarded by Andrew Carnegie to Emperor William as the greatest exponent of world peace. The officer declared the German ruler has enforced peace largely by constantly preparing for war. Thus, he contends, the arguments of those preaching disarmament are completely answered.

Bueter—Parisot.

A beautiful wedding took place at St. Patrick's church this morning at 9 o'clock, in which Miss Grace Parisot, daughter of Mr. and Mrs. A. J. Parisot, of 2016 Hanna street, became the bride of Mr. Leonard H. Bueter, a son of Mr. and Mrs. J. Herman Bueter, of Adams township. The nuptial mass was celebrated by Rev. J. F. Delaney and the choir was assisted by Mrs. Clem Schinckman, who sang the Ave Maria. The lovely bride entered the church with her father, who also gave her in marriage and the bridesmaids who were pastel shades in both gowns and hats, furnished a beautiful bit of coloring against the white of the bride and the decorations of palms and ferns arranged for the wedding. The guests were ushered to seats by Messrs. John Heiny and Louis Aurentz. Preceding the bride were her sister, Miss Rosella Parisot, as maid of honor, and Miss Beatrice Ek and Miss Edith Weber, as bridesmaids. Mr. Cletus Meehan and Mr. Raymond Bueter were groomsmen. The bride made a handsome appearance in a gown of white duchess satin with a drapery of brocaded crepe and a garniture of crystal beads. The bride wore a veil of tulle edged with a fine pleating about the head and a wreath of rosebuds and lilies of the valley held it in place. The bride dispensed with a bouquet and carried a white prayer book with marker of ribbon, rosebuds and lilies and a gold rosary. The honor maid was gowned in pink satin messaline with drapery of pale green chiffon and trimmings of lush lace. She wore a hat of pink tulle with plumes and black velvet ribbons tied the hat under the chin. Miss Parisot carried a bouquet of shasta daisies and as she is fair and the bride is a brunette, the two sisters made an exceptionally attractive appearance together. The two bridesmaids carried bouquets of melody roses to further the rainbow color effect of the bridal party. Miss Ek wore pink crepe de chine gown with touches of pale blue in its drapery and a trimming of vandyke points of lace. Her hat was white lace with white feather trimmings and velvet ties to correspond with the hat of the honor maid. Miss Webber was dressed in pink satin messaline with blue chiffon drapery and a trimming of rosebuds. Her hat was similar to the other bridesmaids. Each of the bridesmaids made an attractive appearance. After the wedding service the bridal party and other guests were driven to the home of the bride's parents where preparations had been made to serve nearly fifty people at the wedding breakfast. Mrs. J. Longfield catered. Only relatives were present, the reception to friends being held this afternoon. The bride's table was done in smilax and bride roses and the bride's cake was also trimmed with rosebuds. Late this afternoon the bride and groom started on a trip of several weeks, during which they will visit Niagara Falls, go down the St. Lawrence river, visit New York and other eastern points. For traveling the bride is wearing a blue tailored Bedford cord suit with blouse of blue crepe de chine to correspond. Her white hat is veiled in chiffon and a stunning bow of ribbon forms its chief trimming. After the first of September Mr. and Mrs. Bueter will be at home in their newly furnished residence at the corner of Hanna and Jefferson streets. Mr. Bueter is a son of County Treasurer Herman Bueter and is a deputy in his father's office. He is a young man of excellent character. The bride is charming in appearance and very popular. She was graduated from St. Catherine's academy and also in music, in which she is gifted. The bride was the first pupil in music to receive her diploma in St. Patrick's lyceum. Among the guests invited to the wedding were the groom's grandmother, Mrs. Heidelman, and Messrs. Clem and Julius Heidelman, of Decatur; Mr. and Mrs. Frank Truchett, of Springfield, Mass.

McKeeman Family Reunion.

The fourth annual reunion of the McKeeman family was held at Robison park on Saturday, July 26th. The bountiful picnic spread, served at both the dinner and supper hours, from the many well-filled baskets, proved to be the most delightful feature of the day. Immediately after the noon spread the business meeting was held which was opened by the reading of the minutes of the last meeting. The treasurer's report, given by the secretary and treasurer, Miss Bertha Dauer, was followed by the election of officers. Those elected to serve for the next year are: President, Wm. McKeeman; vice president, Dr. R. B. McKeeman; secretary and treasurer, Miss Bertha Dauer. Committee on resolutions, Mrs. D. J. Mercer, David Merillat, E. H. Felger. Committee on entertainment, Miss Margaret Essig, Miss Marie McKeeman, Miss Frances Dauer. Historians, Mrs. H. F. Dauer, Mrs. Wm. Wybourn. After the business meeting a very interesting talk was made by the Rev. H. C. Hadley. Robert Mercer's reading was also enjoyed, as were also two recitations by Miss Victoria Mercer and Allen Emerick. The rest of the afternoon was spent at the different amusements at the park. Late in the afternoon a group picture was taken of the company, who numbered about ninety. Members present from out of the city were the Mr. and Mrs. H. F. Dauer, of Bucyrus, Ohio; Dr. and Mrs. Chas. Wybourn and family, of Ossian, Ind.; Mr. and Mrs. Robert Mercer and Dr. and Mrs. D. J. Mercer and family, of Poe, Ind. Members from the city were the Mr. and Mrs. Wm. McKeeman and family, Dr. and Mrs. R. B. McKeeman and family, Mr. and Mrs. David C. McKeeman and family, Mr. and Mrs. Alex McKeeman and family, Mrs. Wm. Wybourn, Mrs. Ellen Essig and daughter, Mr. and Mrs. L. F. Merillat and family, Mr. and Mrs. Frank Mercer and family, Mr. and Mrs. E. H. Felger and family, Mr. and Mrs. David Merillat and family, the Misses Mary Peters, Pearl Merillat and Bertha Dauer and George Merillat. Visitors from out of the city were the Mr. and Mrs. Henry Emerick and Masters Allen ad Gale Emerick, of Hoagland, and Mr. and Mrs. Atwell Shearer, of Poe, and those from the city were the Rev. and Mrs. H. C. Hadley and son, Mr. and Mrs. Elmer Mizer and son, Mr. and Mrs. Jacob Felger, Mr. and Mrs. Smith and family and the Misses Catherine Comer, Eva Flanery and Messrs. Robt. Larimore, Henry Furthmiller, Ralph Kennedy and Geo. Monesmith.

Zent—Shaffer.

Miss Edith Pearl Shaffer, daughter of Mr. and Mrs. John H. Shaffer, of this city, and Mr. Charles H. Zent were married in Hillsdale, Mich., on July 28 by Justice C. M. Weaver. The bride and groom have been engaged for a number of years and the marriage is the culmination of a love affair of long standing. Mr. Zent was educated in the Bluffton and Fort Wayne schools and afterwards went to college. He has many friends in this city. He is engaged at present as a clerk in the engineering department of the Lake Shore railroad in West Virginia. The bride is a much admired and very highly regarded young woman who has worked in the People's store for four years. She has many friends who will be surprised to learn of her marriage.

German passenger dirigibles carried 10,291 persons on regular trips last year without killing or injuring one of them.

Billie Burke, in Paris, Finds the Young French Girl is Innocent as a Baby and as Quietly Dressed.

(By Billie Burke.)

The Ritz-Carlton, Paris, July 29.—The French mother is always scandalized at the liberty given the young girl of America.

Until she is married the "jeune fille" is supposed to know nothing about life.

Innocence is the one great charm that the Frenchman asks in the girl he is to marry, and "innocence" is only lack of knowledge, you know!

Consequently the "jeune fille" must assume the virtue if she has it not.

Personally, I have never considered innocence a virtue. Many persons confuse it with purity, from which it differs greatly. For the pure have knowledge and strength to resist, and the innocent do not know what they might do under temptation.

THE YOUNG GIRL IN FRANCE INDULGES IN NO EXCENTRICITY OF FASHION.

The Frenchman, however, does not confuse innocence and purity. HE literally does not want the woman he marries to have any knowledge of life and its responsibilities. But he seemly wants her to acquire it immediately she marries him!

This is the reason why young girls in France are never allowed to read the great French novels nor see the great French plays.

The young girl does NOT go into society, except to certain functions with her mother or other chaperon.

When you see her at her mother's "at home day" she sits quietly and you seldom hear a word, except "oui" or "non" when she answers some "perfectly good" question asked her by her mother.

You will see no eccentricities of fashion on the young girl of good family, and I think perhaps that is the reason why so many of our overdressed girls who travel complain of insults from Frenchmen.

Of course, American girls are prettier than French girls, for the American girl has intelligence in her face and, thank the fates, we are getting to know that women cannot be beautiful unless they have mental fascination and spiritual charm, as well as physical beauty.

The pictures I am sending you are of the very latest gowns worn by the young girls in the best French families, and truly they are as chic as they are modest. American girls under twenty would do well to copy these styles.

There is also another thing in the young Parisienne's favor. Every French woman of good society knows HOW TO WEAR her clothes. It is one of the first things taught little girls—and one they retain until the last.

Notice the grace of the "new" carriage as the French girl practices it and contrast it with that you see on Fifth avenue and Broadway.

AT THE EMPRESS

There is a dancing bill on this week at the Empress theater and the performers are attracting interest because of the widely different variety of their individual offerings. Of course the entire bill does not consist of dancing for there are other acts, including comedy acrobats and dramatic artists, but the dance predominates and makes this week's bill one of the most entertaining of the summer season.

For a time, if one's imagination is working properly during Jack Roberts' "A Night in Chinatown," you are transported to the orient, and the weird music of the Chinese instruments, together with the beautiful oriental stage setting and decorations, serve to work the audience just up to the place where the Chinese "Texas Tommy" dancers appear at the right time to give the offering an exciting climax. Dancing is hard work on a hot summer's night and those who appear in "A Night in Chinatown" are puffing like steam engines after responding to the generous applause that is sure to follow their exhibition. The act contains dances of other nature also, including the "turkey trot" and the "grizzly bear," and in fact all the new dances that have been causing so much comment throughout this country.

Harry Bestry is a singer and he also knows how to dance in artistic style. The Crotty Trio also offer a singing and dancing number of pleasing nature. Beauvals, Maridor & Co., present a novel dramatic playlet entitled "The Wildflower." The lines are good and the comic situations add just the right amount of fire to the production. The Clairmonte brothers have a sensational revolving ladder act that is a hair raiser. They have in addition to the regular ladder stunts a number of new features.

The kinemacolor this week presents "Paying the Penalty," a drama with lots of action, and a travel picture entitled "Rambles in Paris."

GEORGE KELLY IS BURIED.

Step-Father From Lima and a Brother Here for Services.

George Kelly, the man who died suddenly on the street Monday morning from apoplexy was buried this afternoon at the Catholic cemetery, after brief services held at the Chalfant, Manlove and Bloom undertaking parlors on West Washington boulevard. J. J. Stouder, of Lima, a step-father of the young man, and Frank Kelly, of Huntington, Ind., a brother attended the body. The deceased's mother and sister at Lima were both sick and were unable to come to the city.

Health and Beauty Answers

BY MRS. MAE MARTYN.

Ada: The unlovely condition of your skin is due to the powder and greasy cream you use. Make up and use this dainty lotion and your complexion will be the envy of your friends. Dissolve 4 ounces spurmax in either ½ pint hot water or witch hazel, and add 2 teaspoonfuls of glycerine. This delightful lotion dries quickly after being applied and gives to the skin an exquisite tint and velvety smoothness. The spurmax lotion cannot be detected when on and will make rough, oily "muddy" skins smooth and clear. Use it for freckles, tan and sunburn.

Myrtle: That unwelcome fuzz on your cheek will vanish after one application of a delatone paste, made by mixing enough delatone and water to cover the hairs not wanted. After it is on two or three minutes rub off, wash the skin and it will be smooth and hairless. This method is unfailing, but be sure to get delatone.

Margie: From what you say, I believe your weakness and languor are traceable to your anaemic condition. Make up and use this old-fashioned cleanser and tonic and your health and strength will soon return: Dissolve 1 ounce kardene in ½ pint alcohol (never use whiskey), then add ½ cupful sugar and hot water to make a quart and take of this 1 tablespoonful three times a day. This rids the blood of poisonous accumulations, builds up worn tissues fortifies the body against disease. The kardene tonic is especially good for banishing pimples, blotches, "muddiness" and other complexion blemishes, and after a regular course of this treatment your skin will be clear and soft.

Lydia: You hardly need to consult an oculist. Try this simple home-remedy: In 1 pint clear water dissolve 1 ounce crystos, then put a few drops in each eye twice daily. This will reduce inflammation and take out the soreness. If after this is done, your vision still remains blurred, you of course will require glasses. The crystos eye-tonic is excellent for granulated eyelids and weak, watery eyes.

Miss G: The cause of your hair being streaky and unmanageable no doubt is the use of soap or some other harmful thing for shampooing. Cleanse your scalp and hair with a solution of canthrox. Just dissolve a teaspoonful of it in a cup of hot water and you will have ample mixture. This creates an abundance of white, thick lather that dissolves every atom of dust, dandruff and excess oil, and rinsing leaves the hair and scalp wonderfully clean. After a canthrox shampoo the head feels good and the hair dries quickly without streaking and is soft, fluffy and easy to do up.

Alma: You can soon get rid of that burdensome fat if you take the parnotis treatment, made by dissolving 4 ounces parnotis in 3¼ pints hot water. Strain when cool and take 1 tablespoonful before each meal. This parnotis treatment is entirely harmless and reduces the weight without resorting to dieting or tiresome exercises.

Frankie: You can cure your hair troubles. Use a plain quinzoin hair-tonic and you will soon restore your hair to its former rich color and soft fluffiness. To make the tonic add 1 ounce quinzoin to ½ pint alcohol, then ½ pint water. Applied regularly, this quinzoin tonic banishes the dry and scaly or excessive oily condition and when your scalp and hair roots are healthy and vigorous, a bountiful growth of beautiful hair is sure to result.

Rose: You can quickly remove wrinkles and keep the face velvety and smooth at very little cost by making at home and using regularly this greaseless vegetable jelly-cream, which does not grow hair. Get from your druggist 1 ounce almozoin and dissolve it in ½ pint of cold water or witch hazel, adding 2 teaspoonfuls of glycerine. Stir and let stand one day. Apply to wrinkled surface and leave through night, then wash off and use more of the cream as a massage. This treatment will remove and prevent the most obstinate wrinkles or finest crow's feet, while softening the skin to a velvety texture.

SEES BANK PLOT IN BOND DECLINE

McAdoo Says Attack is Effort to Defeat New Currency Bill.

NO REASON FOR IT

Washington, D. C., July 29.—Secretary of the Treasury McAdoo issued a statement last night flatly charging that the decline of government 2 per cent. bonds to 95½—a new low record—was due "almost wholly to what appears to be a campaign waged with every indication of concerted action on the part of a number of influential New York city banks to cause apprehension and uneasiness about these bonds in order to help them in their efforts to defeat the currency bill."

Banks throughout the country own almost entirely $730,882,130 of these 2 per cents. Their market value today was approximately $30,000,000 less than when the banks bought them. Almost all the entire issue is used as security for national bank notes.

At the present price, however, the discrepancy between the market value and the issues of notes against the bonds is covered by what is known as the 5 per cent. redemption fund, deposited by the banks with the treasury to care for retirements of national bank notes.

May Be Booked at Par.

Secretary McAdoo announced it was not his intention to require the banks to charge off the present depreciation below par, but that the banks might continue to put in the bonds at par in their statements to the controller of the currency, at least "until some material change in conditions should compel the adoption of another course."

In his statement Secretary McAdoo declared the 2 per cents were worth par notwithstanding their decline in the New York market, and continued:

"The idea seems to be that the country banks which hold about two-thirds of the 2 per cent. bonds, and use them as the basis for their circulating notes, may be induced to unite with the New York city banks in opposition to the bill if they can be made to believe that the proposed currency measure is going to injure these bonds and cause losses to the banks. This is of course unfounded.

"Meantime, it is folly for any bank to sell government 2s at a sacrifice because of any apprehended legislation adverse to government bonds, as no such legislation will result. In the 12 years of its existence the government has kept faith scrupulously with its creditors, and it is not going to change its honorable character now. If the necessities of any bank oblige it to sell bonds at depressed prices, that, of course, is another matter—a matter solely for the bank to determine."

Intrinsic Value Enhanced.

The secretary said that not only had nothing occurred to impair the value of the 2 per cent. bonds, but that the amendment already adopted by the banking and currency committee of the house enhances their intrinsic worth:

1. Because the banks and all other holders of 2 per cent. bonds are given a privilege, not now possessed, of exchanging the twos for threes, without the circulation rights at the rate of 5 per cent. per annum of their holdings, present or hereafter acquired. So long as they do not make the exchange, they may retain or sell and buy the 2 per cent. bonds and exercise the circulation privilege attached thereto.

"2. At the end of twenty years the government will pay at par and interest all 2 per cent. bonds which at that time remain outstanding. In view of the fact that the twos have no due date and are payable after 1930 only at the option of the government, the definite promise of payment at the end of twenty years is distinctly beneficial to the holders of the 2 per cent. bonds."

Secretary Amused at Scare.

The secretary spoke with amusement of the grave statements sent out from New York to the effect that if the currency bill shall pass and government deposits are put in the federal reserve banks the 2 per cent. bonds now used to secure deposits will be thrown on the market and their value thereby impaired.

As only $13,000,000 of the 2s out of a total of $730,882,130 are used to secure government deposits it can be readily seen how trivial this is. If these bonds are not used to secure deposits they can be used for additional circulation.

Nearly all of the 2s are owned by the banks. If the price is marked down, it is because the banks themselves are putting pressure on the market and depressing the value of their securities. The fault is their own. It would seem the part of good sense and good business not to do it.

The secretary expressed the hope that the process, if continued, will not be carried to a point where the department will have to take action.

CRYING FOR HELP

Lots of It in Fort Wayne, But Daily Growing Less.

The kidneys often cry for help.

Not another organ in the whole body more delicately constructed;

Not one more important to health.

The kidneys are the filters of the blood.

A 25 CENT INVESTMENT BRINGS A LARGE FORTUNE

The small sum of 25 cents was spent by a young English singer who had suffered for years with indigestion for a vegetable which was recommended as having wonderful digestive properties by a well-known French doctor. The singer prepared a sauce with this vegetable, which he added to his food and also in the cooking. The name Waw-Waw (an obsolete South American Indian word for vegetable) was given to the sauce, and soon a company was formed which gave to the singer a large sum for the recipe. So great has been the success of Waw-Waw that it is now to be found in all parts of the world, and cooks in Europe have pronounced it unexcelled. Housewives in England have found it a necessity in the cooking, and when added to soups, salads, hot and cold meats and fish it gives a flavor unequaled. At the same time see how easily you can digest your food. Waw-Waw contains no raw spices or coloring matter and is guaranteed absolutely pure. It is most delicious and is unlike all other sauces, although in taste it resembles a Worcestershire. For 25 cents you can obtain a bottle of Waw-Waw from your local grocer and you will be convinced how much more you enjoy your food and how easily you digest anything and everything.

DEPENDING UPON NORTHPAW SQUAD

Young and Ainsworth Are Slated to Pitch in Two Games.

WILD HEAVE COSTLY

Springfield, O., July 29.—Grover Cleveland Young and Earl "Red" Ainsworth, the northpaw pitching division of the Billiken second-placers, are depended upon to stop the Springfield troopers in their march on the position held by Fort Wayne, and Mr. Young had been selected for the Tuesday matinee with the hope that some of the hard luck that has pursued him on the Reaper enclosure might be overcome.

In event he should fall down on the job his right-handed side partner will be all steamed up for the going and will be sent against the enemy. If this program is followed the first game at the home campus with the Grand Rapids club on the attack will fall to the lot of Tommy Atkins, who was so unmercifully pounded by the Bill-Eds in his start against them in the opening road game.

Manager James Thomas Burke is sadly peeved today because he chucked away one of Louis Loudermilk's most noble pitching exhibitions in the millinery performance staged here for an opener. It is not the first game the manager ever kicked into the discard in his long experience, but he was sorry for his hard-working hurler, who has had his troubles on the present trip, and who has had to be derricked a couple of times.

His cunning in the pinches and his courage when he pitched himself into dangerous pitfalls made the game worth seeing and the manager was full of regrets today. Hixon was shunted in against Loudermilk and he staged some southpaw hurling that held the invaders in check after the only run for the opposition which was scored in the opening flight.

Fabrique opened the game with a single and the manager followed it with a double and sent his speedy little shortstop over with a tally. Then the Reaper pitcher seeing and the manager was full of remarkable game.

Manager Joe Stanley did as much as the opposing manager in the promotion of the first run for the home guard when he plinked a double to deep center right after Buster Keene had hit for a single and the blow knotted the count.

In the ninth Welsh missed Withrow's fly and with Hixon out of the way, Brantigan drove to Burke, who caught Withrow at second for the second out, but the manager threw past first when Kelleher hit an easy grounder to him, and Brantigan registered the winning marker. The score:

MYERS SIGNS UP WITH ST. LOUIS

Former Fort Wayne Manager Becomes Member of Outlaw Squad.

FREE AFTER SEASON

Canton, O., July 29.—Hade Myers who came to Canton from Fort Wayne at the time Isador Mautner was fired out of the old Central league, and who took up the reins here again in the Interstate after a few seasons at Dayton and at Quincy, Ill., left here last night to join the St. Louis team of the Federal league.

His decision to enter the outlaws followed a two-weeks' period of idleness after the blow-up of the Interstate league on July 15, which sent Canton, Steubenville and Zanesville into the down and out class. During that time he considered several offers to re-enter the game but could not satisfy himself with any of them.

Indianapolis, of the Federal, wanted Bade to play first; Peoria, in the Three-I league, wanted him to manage the club; Appleton, in the Wisconsin-Illinois league, wanted him for a similar job. He turned down the first two and accepted the third only to refuse it when he learned he could not obtain a non-reserve clause in his contract. Myers would not bind himself for the next season with any club and did not do so by signing with St. Louis, as there is no such thing as a reserve contract in the Federal.

He will be in harness with the Feds until Sept. 14, as the league's schedule closes on that day. He will return to Canton for the winter, joining the stove league, which holds territorial rights at his billiard room.

A trip to Cleveland was a factor in inducing him to sign a Federal league contract. While there he saw several games and talked with several of the big guns of the organization. He became assured that the circuit is a sure thing and lost all skepticism in regard to unorganized baseball.

Prior to that visit he had expressed himself as loath to enter the Federal, but his views were changed when he returned. His standing in organized ball will not be affected by his action in signing with St. Louis.

With the Moundsmen Myers will be a teammate of Rabbit Robinson, shortstop for Canton during two seasons. He joined a week ago, and is heading the batting order.

ANDERSON TRIES AN INFIELD JOB

Donahue is Sent to Outfield and Pick is Out of Lineup.

PFEFFER BEATS VETS

Manager Edward J. Anderson, of the Terre Haute club, is taking a try at an infield position and if he makes good with himself he will play regularly at third base and Bill Donahue, an old Central leaguer, who has just joined the Tots, will play center.

Anderson's hitting has not been up to standard all season and he is compelled to boost his batting strength and thinks that by going to the inner works he can extend his lease on Central league baseball and put up a good enough article to entitle him to a regular place.

He couldn't tell much about his capabilities in his opening effort yesterday as he passed through the whole encounter against Evansville without a fielding chance but he made a couple of runs and got a hit and won.

Leonard Madden was in excellent form, and in a game that was delayed until nearly 5 o'clock by the late arrival at Evansville of the Terre Haute club, he shut out the Evas while Furchner was hit hard enough in the first and second to insure a victory for the Tots.

Although Dayton got eight hits off Pfeffer in the first game of the series, which was as many as Grand Rapids got off Jack Rowan, the leaders won and Pfeffer hung up his ninth straight victory. The scores:

LOCAL MEN GAVE WAY TO GUESTS

All Marksmen Could Not Be Cared for in the Big Shoot.

MADE GREAT SCORES

As forty-five shooters constitute as big a squad as can be handled with one trap, many local marksmen who went out to Germania park to enter in the contest of the registered tournament that closed last night were forced to give way to visitors and did not get opportunity to shoot at the meeting.

Members of the Fort Wayne Gun club were given assurances at the end of the program that the shoot had been one of the most satisfactory and one of the best conducted affairs of the year, and arrangements were made for another meeting in 1914, the date for which will be fixed by the national association.

Max Witzegreuter was the best of the Fort Wayne marksmen and he broke 143 pigeons and was third among the amateurs. Dr. V. Noble, of St. Mary's, O., had a great day at the traps and his score of 147 was better than the mark made by Champion C. A. Young in the championdivision.

The final scores are as follows:

COMPTON'S FATHER IS DEAD.

Pitcher Jack Compton, of the Vets, who is at his home in Lithopolis resting up from an injury to his head he received in Springfield nearly two weeks ago, lost his father Saturday. The elder Compton suffered a stroke of paralysis last week and died Saturday.

PAUL POWERS TO QUIT.

Youngstown, O., July 29.—Paul Powers, president of the defunct Interstate league team here, has announced that he has spent his money and stood abuse long enough, and that he will retire from the game.

TERRE HAUTE IS DELIVERING MEN

Toddy Kroy and Charlie Pick Are Sent to the Toronto Team.

WANTED THEM BADLY

Terre Haute, Ind., July 29.—Toddy Kroy and Charlie Pick are well on their way to join the Toronto club of the International league under an arrangement made several weeks ago by which the title to the players was transferred to the New York Americans.

At the time of the dicker it was thought these men would be allowed to finish the season here but the Canadian club was badly in need of their services and it was agreed to part with them.

These players will bring a goodly sum to the treasurery of the club, a sum much larger than would have been paid had the time of delivery been delayed until the close of the Central league season, and this is the great factor that induced the owner to part with them at this time.

Secretary E. J. McCafferty, of the Toronto club, arrived in Terre Haute yesterday and held a consultation with Billy Wayland and Manager E. J. Anderson, during which the finishing touches were put on and the deal carried out.

Toronto is at the bottom in the International league, and has just begun to get its stride. With the valuable addition of two men the caliber of Pick and Kroy the team should do some climbing.

The question, who is going to take the places of the two has been about half way solved. Tommy Sheehan has been bought, as has W. Donohue, of the Quincy club, in the I. I. I. league. Sheehan, however, jumped to the Pittsburg club in the Federal league, and it will be necessary for him to be reinstated into organized baseball before he comes to the assistance of the locals. Secretary Wayland is keeping in constant communication with Secretary Farrell, of the national association, in order to bring about such action. Wayland says that Sheehan is willing enough to come to Terre Haute, so the only hitch lies on the reinstatement. He has not signed a contract with Pittsburg, which makes it possible for him to come, should the commission act favorably. Had he signed a contract it would be necessary for him to play out the term stated on the contract.

Donohue has been playing a high class article of ball for the Quincy team, according to all accounts. Last year he made a good outfield record. He participated in 133 games, was at bat 491 times, out of which he banged out 134 safeties and scored 68 runs. He is credited with 17 sacrifice hits and 18 stolen bases. His batting average was .273. In the field he had 312 chances and handled 299 of them for an average of .958.

is all you need. Your family doctor perhaps charges you as much. No one too poor to pay my reasonable fee.

FREE CONSULTATION and EXAMINATION

Are you WEAK, NERVOUS or DISEASED? Have you about decided to give up in despair, thinking possibly there is no hope for you? If such is the case DO NOT GIVE UP; come and have a SOCIAL CHAT with me. My CONSULTATION and ADVICE is FREE and STRICTLY CONFIDENTIAL. If an examination convinces me your case is incurable, I will frankly tell you so and advise you as to the future care of your condition without any expense. If, on the other hand, I find your case is one which I can treat, I will then give you the benefit of my many years' experience as a Specialist in this Special Line. Can you ask anything fairer? Do not let money matters prevent you from consulting me and do not think that on account of the reputation I have attained in my special line that my charges are excessive, as my charges are reasonable, and satisfactory arrangements can always be made for the payment of the same. My best reference is my many cured, satisfied patients. All patients calling are insured of my own PERSONAL ATTENTION, as I EXAMINE and TREAT all PATIENTS MYSELF, and at no time during your treatment will you be subjected to the care or attention of any ASSISTANT, nor will there be any change of DOCTORS during your entire treatment.

Blood Poison, Skin Diseases

If you are suffering from SPECIFIC BLOOD DISEASES, with sore mouth, throat and tongue, rash over body, lose no time in consulting me. I use the genuine Professor Ehrlich's remedy (imported from Germany) and administer the same to you right in my office; no GOING to the HOSPITAL, no PAIN, no LOSS of TIME, and you can return home immediately after the treatment, as it only require 5 minutes of your time by my method of administration. In ordinary cases one treatment of this remedy conquers the worst form in either the PRIMARY, SECONDARY or TERTIARY stages.

STRICTURES of the urinary canal as burning and scalding symptoms and any and all interruptions to the flow quickly respond to proper treatment.

STOMACH conditions, COATED TONGUE, perverted APPETITE, GASES causing a FULLNESS and DISTRESS after EATING, HEARTBURN, palpitation, DIZZINESS and all other conditions of the stomach show signs of improvement at once by my system of treatment.

RECTAL disease such as PILES, FISSURES, FISTULAS and PROLAPSES or any other conditions of the rectum, all respond quickly by my system of treatment. No cutting.

RHEUMATISM, either ACUTE or CRONIC, or any other forms, as well as ENLARGED and STIFFENED JOINTS respond to my system of treatment at once.

NERVOUS DEBILITY is an EXHAUSTED and WEAKENED condition of the NERVES and NERVE CENTERS and often leads to a general NERVE DECLINE, IMPAIRED MEMORY, MELANCHOLIA, MENTAL ANXIETY, Absence of NERVE as well as WILL POWER, together with a partial or complete loss of one's vitality. If you have any of the above symptoms consult me at once.

BLADDER and Kidney diseases, swelling of the feet and legs, painful and scalding urination, pain in back and sediment in urine all respond quickly to my system of treatment.

NERVOUS—Are you WEAK, NERVOUS and IRRITABLE, with dark circles under your eyes, have you that tired feeling in the morning, accompanied by a feeling of lassitude and lack of confidence and bashfulness? If so, consult me at once.

ULCERS caused by injuries or an infection or broken down veins or the results of a fever, or any other cause, are treated by me with the greatest of success.

HYDROCELE or any SWELLING, TENDERNESS, IMPEDIMENTS of parts respond to my treatment at once. Rupture treated without the aid of the knife.

MEN suffering from any SPECIAL disease or CONDITIONS should consult me when in need of the SERVICE of an EXPERT SPECIALIST, as I treat all special diseases of MEN.

SOCIETY GATHERED UP ITS SKIRTS AND TURNED HURRIEDLY AWAY.

MRS. WM. ST. JOHN RANNEY AND HER HUSBAND.

Pasadena, Cal., July 29.—Leaders of Pasadena's "400" are trying to close up a gap in their "fashionable" ranks.

The gap was left when "society" suddenly discovered that Wm. St. John Ranney was an embezzler.

Recently Ranney was sent to prison for taking $100,000 from the Santa Fe to pay as hush money to blackmailers who threatened to expose his past prison record.

Once Ranney had many friends. They were eager for bids to his fathous dinners. They didn't want to be forgotten at any of his fetes. Now their principal effort is "forgetting."

Ranney has discovered just how much his "friends" were worth. The same people who smiled on him at fashionable clubs failed to send in their cards at the county jail.

Of course, those "friends" couldn't have done much for Ranney, except to cheer him with their presence occasionally. But he had a little golden-haired wife and a blue-eyed baby. That wife thought her neighbors with their limousines and diamonds were her friends. But when they heard that Ranney was jailed—

Polite regrets came from society leaders whom she had invited to luncheon; when her baby went to play with the other children as of old, agitated maids snatched them away.

The only callers Mrs. Ranney received were collectors. They came in droves and shoals. But she was penniless.

And "fashionable" Pasadena gathered up its skirts and shrank away.

BLUFFTON NEWS.

Bluffton, Ind., July 29.—Lem Stout, an employe of the Bjork Construction company, who are tearing down the old Studabaker building, was overcome by heat yesterday afternoon. He was working on the top of the building and the hot sun beating down on his head caused him to collapse. Other workmen on the building caught him just as he was about to pitch forward to the ground. He was taken to the home of a son and physicians worked over him for several hours. He is much improved today.

Valentine Linker died at his home in Adams county Sunday evening at 8 o'clock from tuberculosis of the knee. He had been a sufferer from the disease for the past four weeks. He was 63 years of age and leaves a family of nine children.

George Becker, for the past seven years the manager of the ready-to-wear department of the Walmer and Engler department store, resigned his position there yesterday on account of failing health.

When Charles C. Dean, formerly state forester, laid down the work in his office he left his books in first class condition, according to the state board of accounts, who recently finished auditing his books. It was found by them that every voucher and receipt was in its proper place and that every penny of funds handled by him was accounted for. This speaks well for the ability of our fellow townsman.

Marion Willis, the son of Merle Willis and wife, died after thirteen days on this earth Sunday. The funeral was held yesterday morning.

Eva Belle, the one year old child of Wilson McBride and wife, died yesterday of a prolonged complicated illness. The funeral was held this morning at 9 o'clock.

The tabernacle meetings of the Northwestern Indiana Holiness association, which have been going on for the past two weeks in the Studabaker grove north of the city, came to a close Sunday evening.

Word was received here through newspapers from Orlando, Fla., telling of a reception tendered Rev. E. T. Poulson, formerly of this city, when he arrived in Orlando to take up his new charge. The reception was a union one and several hundred people were present to welcome him to the city.

FEDERATION TO HELP COMMITTEE

Two Unions Report in Favor of Street Parade for Local Labor Day.

WILL CALL ON WYSS

The Fort Wayne Federation of Labor at its semi-monthly meeting Monday night heard reports from the safety and legislative committees regarding the alleged unsafe conditions from fire danger in local factories and store buildings. Members of these committees made a thorough canvass of local factories and business establishments following the first news of the horrible Binghamton disaster, and the federation last night endorsed the work of the members and unanimously adopted resolutions to back up the committees in their present campaign for safety. At the close of the regular meeting the two committees held a conference and decided to ask City Building Inspector Philip Wyss for a hearing.

An amendment to the federation's constitution providing for a permanent committee on statistics was unanimously adopted at the third reading and members of the committee will be named at the meeting to be held August 10. The election of delegates to the state convention to be held at Terre Haute in September was postponed until after Labor day. The number of delegates will depend upon the amount of money left in the treasury after the Labor day celebration. Delegates from the Typographical and Carpenters' unions reported that their organizations had voted for a Labor day parade.

ANTWERP NEWS.

Antwerp, Ohio, July 29.—This is chautauqua week and everybody is enjoying the cooling breezes that are playing tag among the leaves of the oaks in Riverside park. This is an ideal location and is situated on the banks of the historic Maumee river, where those who enjoy camping out find good fishing, boating and bathing.

Albert Anspaugh and wife, after a couple of weeks spent here visiting relatives and friends, returned to their home at Mt. Pleasant, Mich., Sunday.

Clifford Schriner, accompanied by Miss Vere Hudson, both of Paulding, were Antwerp visitors Sunday, the guests of Miss Gertrude Banks.

Rev. D. F. Harris and wife, of Hicksville, were Antwerp visitors Saturday, the guests of John Palmer and family.

Fred Thume was a Fort Wayne visitor Monday.

Miss Carrie Hertle, one of the teachers in the high school, was a Fort Wayne visitor Monday.

Prof. Albert Hineman, of Woodburn, was an Antwerp visitor Saturday and assisted the band at the opening of the chautauqua, being the guest while here of T. C. Banks and family.

Miss Bevelle Harris went to Fort Wayne Monday.

Mrs. John Sauerwein, of Paulding, accompanied by her sister, Miss Marie McGuire, were Fort Wayne visitors Monday, where they visited their uncle, Frank McGuire and family.

The annual reunion of company G, of the Fourteenth O. V. I., and company I, of the One Hundredth, and company C, of the Sixty-eighth O. V. I., will be held at Riverside park Wednesday, Aug. 6th. There will also be a county reunion of these regiments at the same place Aug. 20th.

Henry Reeb, one of our prosperous north of the river farmers and stock breeders, was a visitor at the Summit City Monday.

P. P. Doering was called to Fort Wayne on business Monday.

Mr. H. M. Higenbotham and daughter, Mrs. Paul Neer, attended the Perry victory celebration at Toledo, returning home Monday evening.

Mrs. L. Meadough, one of our north of the river folks, was a Fort Wayne visitor Monday, where she spent the day shopping.

Mrs. M. Malov, accompanied by her daughters, Catherine and Ida, and son, Walter, of Payne, are spending the week here the guests of Daniel Cassen and family and attending the chautauqua.

Friends at this place of Mr. and Mrs. Alfred Johnson, who reside at Coleman, Mich., are considerably worried over the receipt of a letter stating that Mrs. Johnson was very ill with pneumonia.

John Wallu, county treasurer-elect, accompanied by his wife and Mrs. C. M. Hudson, of Adrian, Mich., and Miss Vere Hudson, of Paulding, motored over to this place Friday, being the guests while here of T. C. Banks and family.

Mrs. C. F. Borgman and niece, Miss Helen Kleefish, who have been visiting her parents, Mr. and Mrs. John Hawkins, at this place, returned to their home at Fort Wayne Saturday.

Colonel Jacobs, of Fort Wayne, was an Antwerp visitor a few days the past week, the guest of his grandparents, Mr. and Mrs. M. P. Jacobs and family.

Mrs. A. M. Reichelderfer, of Fort Wayne; Mrs. D. D. Boston and Mrs. Samuel Roberts, of Harlan, Ind., are spending the week here, the guests of

ERUPTION ON ANKLE GREAT SUFFERING

Many Nights Did Not Sleep. Burned All the Time. Wore Bandage Night and Day. Used Cuticura Soap and Ointment. Now Well.

Kingsville, Mo. — "My trouble began eighteen years ago. Nearly half of the time there were running sores around my ankle; sometimes it would be two years at a time before they were healed. There were many nights I did not sleep because of the great suffering. The sores were deep running ones and so sore that I could not bear for anything to touch them. They would burn all the time and sting like a lot of bees were confined around my ankle. I could not bear to scratch it, it was always so sensitive to the touch. I could not let my clothes touch it. The skin was very red. I made what I called a cap out of white felt, blotting paper and soft white cloth to hold it in shape. This I wore night and day.

"I tried many remedies for most of the eighteen years with no effect. Last summer when my ankle had been sore for over a year and much worse than ever before I sent for some Cuticura Soap and Ointment. It would itch and burn, besides a great hurting that I think tongue could never explain. The very first time I used Cuticura Soap and Ointment I gained relief; they relieved the pain right then. It was three months from the time I commenced using Cuticura Soap and Ointment until the sores were entirely healed. I have not been troubled since." (Signed) Mrs. Charles E. Brooke, Oct. 22, 1912.

Cuticura Soap 25c. and Cuticura Ointment 50c. are sold everywhere. Liberal sample of each mailed free, with 32-p. Skin Book. Address post-card "Cuticura, Dept. T, Boston."

Men who shave and shampoo with Cuticura Soap will find it best for skin and scalp.

I Cure Pelvic, Nervous and Chronic Diseases

For the purpose of proving the advantages of my methods in the treatment and cure of PELVIC, NERVOUS and CHRONIC diseases I will not only give to every one who is anxious to obtain a cure and who will call at my office before August 1st, a careful and thorough examination FREE of CHARGE, but to further demonstrate to the public the rapidity and thoroughness of the CURES I make, I will treat any case I accept for a CURE between now and August 1st AT A GREATLY REDUCED FEE.

Are you physically able to do your part and keep your place in the procession, or is there some disease which is slowly, but surely, undermining your vitality and unfitting you for performing your part of the duties which every man owes to his country, to his neighbors, to his family, his loved ones and to himself?

Do you think you are doing your duty by neglecting an opportunity to rid yourself of the shackles of disease?

Every man who does less than he should do at his desk, in the shop or on the farm is weak in some way.

I have found that the man who is unable to accomplish all that he hopes or expects is often the silent sufferer from some PELVIC or CHRONIC disease which is slowly, but surely, wrecking his nervous system and as surely unfitting him for actively competing with his fellowmen.

We all have a duty to perform or an ambition to fulfill, and those who are weakest must inevitably drop behind.

Do you want to be one of these, or do you want to take your place in the world that nature intended you should?

Years of experience in the treatment of PELVIC, NERVOUS and CHRONIC diseases have enabled me to perfect methods which will not only cure these DEEP-SEATED diseases in which the ordinary methods have failed, but will restore to a normal and healthy condition the broken-down and devitalized NERVOUS system.

HUNDREDS of satisfied patients have testified to my ability to cure these CHRONIC and DEEP-SEATED diseases in which the ordinary methods have failed.

FREE EXAMINATION—To any sufferer who honestly desires to get well I will give a careful and thorough examination FREE OF CHARGE, and if your case is curable I will make my fee as low as possible and consistent with honest, scientific treatment. If you cannot be cured I will frankly tell you so, as I have no time to waste on incurable diseases.

I learn the exact condition of the rectum, the bladder and every organ of the genito-urinary system. This in itself is of the highest importance, inasmuch as a broken-down nervous system and many more of the troubles of the STOMACH, LIVER, HEART, KIDNEYS, ETC., are reflex and are the direct results of some PELVIC LESION OR DISEASE.

TUBERCULOSIS now curable by the wonderful intravenous treatment which I am using. Call in and I will show you reports of desperate cases that have been cured and prove my assertion beyond all doubt.

VARICOCELE, STRICTURE, RUPTURE, PILES, FISTULA, ETC., cured without knife and without detention from business.

BLOOD POISON—I use only the most advanced methods in the treatment of Blood Poison and kindred diseases.

ECZEMA and other skin diseases quickly cured.

SHOP AND RAILROAD NEWS

ATTERBURY IS A MEDIATOR

Former Fort Wayne Man to Have Part in Settling With Trainmen.

A. H. SMITH WILL SERVE WITH HIM

Chosen as the Representatives of the Railroads in the Controversy.

New York, July 29.—W. W. Atterbury, vice president of the Pennsylvania Railroad company, and A. H. Smith, vice president of the New York Central and Hudson River Railroad company, were appointed this afternoon by eastern railroads as mediators to represent them in proceedings to settle the trainmen's demands under the Newlands amendment to the Erdman law.

CLAIM TO BE UNDERPAID.

Railroads Say Compensation for Mail Service is Short.

"The railroads maintain that at present they are underpaid by at least $15,000,000 per year. Their complaint is not against the standard of measuring such mail service as is paid for, but that a very large amount of service is demanded for which the nation makes no payment whatever."

Such is the purport of a statement today by the Railway Mail Pay committee of the 264 principal American railroads with over 218,000 miles of line. This committee was appointed by the railways to present their plea for increased compensation to the congressional committee of inquiry of which Former Senator Jonathan E. Bourne of Oregon, is chairman.

Several hearings have been held by the committee. The post office department was represented by 2nd Assistant Postmaster General Stewart, and the Interstate Commerce commission by Prof. Max. O. Lorenz, associate statistician. The railroads have now planned to place their cause before the public, and it is in accordance with that plan that the statement is issued today by their committee. The statement follows:

"To carry the people's mail quickly, safely and frequently is a social obligation which the railroads freely concede. It is a service voluntarily performed, for no law compels a railroad company to carry mails unless it contracts to do so. The courts hold, however, that if the railroads so contract, they must do so on terms named by the government.

"Though surrounded by these anomalous conditions, the railroads have without stint placed their resources at the disposal of the nation to develop the transportation of mails to the highest possible state of efficiency. This service has been paid for at a price fixed by the government, a price from which the carriers have had no appeal.

"The United States government, in 1912, paid the railways $51,697,374.49 for carrying mail. This was about 20.05 per cent. of all postal revenues. In 1901 the railways had received 34 per cent. of the postal revenues. In the same year, 1901, the 'Joint Committee to investigate the Postal Service,' of which Senator Wolcott was chairman, reported to congress its opinion that 'the prices now paid to the railroads for the transportation of mails are not excessive.' Yet in 1907 the postmaster general, by administrative order, reduced railway mail pay by nearly $5,000,000—about ten per cent.—and congress cut off about five per cent. more by reductions in rates of pay for carrying mails and for the use of postal cars.

"The railroads maintain that at present they are under paid by at least $15,000,000 per year. It is their belief that a fair adjustment would require that the government should pay the railroads for all services which they render."

SUGGESTS ANOTHER APPROACH.

Business Man Advances Idea of Arcade to Pennsy Depot.

"In my mind a very desirable improvement in connection with the Baker street passenger station of the Pennsylvania, now under construction, would be an arcade from Calhoun street to Harrison street," said a business man last night. "It could be made my tunneling the tracks, or a part of them, and covering it as will be covered the subway back of the station building where the stairs leading to the train sheds will be placed," continued the gentleman. "An arcade of this kind would give space for little rooms for news stands, barber shops, candy stores and shoe shining shops and they would be in demand and bring sufficient rental to make the investment profitable. Of course, this is only a suggestion. So far as I know, it was never considered by the railway managers or any other interests. I believe the public would appreciate such an improvement, for it would afford protection from storm between the Calhoun street car line and the passenger station."

OUT INSPECTING ROADBED.

Pennsylvania Division Officials Looking Over Crestline End.

The bridge and roadbed inspection of the Crestline end of the Western division of the Pennsylvania is on and will continue until tomorrow night. The staff officers of the division left at 8 o'clock this morning on the division special, which consists of the observation car pushed ahead, the engine "Isabel" and the especially equipped coach. In the party were Supt. W. M. Wardrop, Trainmaster J. E. Patterson, Division Engineer Guy Scott, Assistant Division Engineer Harvey Hall, Master Carpenter D. C. Zook and others from the operating and maintenance of way departments. They will remain over night in Crestline and return tomorrow.

INJURED IN AN EXPLOSION.

Fred Coleman was cut on the arm, James Valandingham had a leg bruised and a foreign laborer whose name was not learned was slightly cut in the head when a hydrogen gas explosion occurred at the Bass foundry, Wallace street department, at 3 o'clock yesterday afternoon. A ladle of molten iron was being moved, when the ladle shank broke and the metal poured into an empty pit on which was a metal covering. Hydrogen gas was generated and exploded, sending the lid over the pit through the skylight, causing the injuries named.

RAISED THE FREIGHT ON GRAPES.

Hereafter the Nickel Plate will receive thirty-nine cents per hundred pounds for carrying grapes from the vineyards in Pennsylvania and New York state to Chicago. Formerly grapes were carried for 30 cents per 100 pounds but the rate classification has been changed and it allows the increase. Growers and shippers are protesting against the increase. Formerly the Nickel Plate received $72 per car load for this freight; now it will receive $93.60 per car load.

WILL REMAIN OUT WEST.

Art Getz, of the G. R. & I. offices, is in receipt of a letter from Engineer R. A. Parrett, who went to Seattle two months ago to join his wife, who went to that city last winter on account of poor health. The sojourn has been beneficial to her health and the family will remain there. Engineer Parrett has secured employment on a Seattle railroad and is now manipulating the throttle of a freight engine on the line.

CONDITIONS OF THE PATIENTS.

Capt. H. M. Diehl and B. F. Sarver, who are quite sick, do not show any perceptible improvement. Each had a restless night and news from their bedside this morning was not of an encouraging character. Captain Diehl suffers from stomach trouble and M. Sarver's trouble is gallstones. It may be necessary for the latter to go to the hospital for a surgical operation. The attending physicians are debating that question now.

HIRED THREE MORE FIREMEN.

Three more firemen were added to the list of employes of the Grand Rapids and Indiana road today. C. J. Pilliod, one of the new men, worked in that capacity on the road some time ago, but quit to go west and only recently returned to the city. Edward L. Hagerman and Edwin A. Parham are the other two. Mr. Parham is a farmer's son and resides at Nottawa, Mich.

DIDN'T STOP THE PASSENGERS.

So great was the number of people attracted by the Perry victory celebration at Toledo Sunday, that the railroads could not handle them all. As a result the New York Central lines trains did not stop at any of the stations within twenty miles of Toledo, there being no more room on the cars and the company being unable to furnish any more equipment.

BORROWING ENGINES.

Traffic on the Grand Rapids and Indiana road has reached the point where the power is inadequate and borrowing engines is being resorted to. A few days ago a Panhandle engine was received and put in service on the southern division of the G. R. & I. and yesterday engine 7420 was received and put into service.

CHARLES HOLMAN IMPROVING.

Charles Holman, a carpenter in the gang of Foreman Henry Shuster, of the Pennsylvania shops, is on the streets again, though he is obliged to use canes in walking. Two months ago Mr. Holman had one of his legs badly injured by a stringer falling against him as he and some shopmates were unloading timber at the shops.

BOX CAR CRUSHED.

A Wabash box car was totally demolished last night. A yard force kicked a bunch of cars down the track and they ran against another string of cars with terrific force. A wood box car was in the string and it was crushed as if it were a mere shell and nothing left of it but splintered wood and scrap iron.

ENGINEER KELKER RETURNS HOME.

W. C. Kelker, engineer on the Grand Rapids and Indiana road, arrived home yesterday and this morning reported for duty on the road. With his family he spent four or five weeks on the Pacific coast, most of the time in California.

SPENDING FORTNIGHT AT LAKES.

E. A. Barnes factory superintendent of the Fort Wayne Electric works, and his wife and children went to Klinger lake, in Michigan, yesterday to remain two weeks. Mr. Barnes is an expert fisherman and boatman and he will do something in each line of sport while at the lake.

SUPT. WILLIAMS RETURNS.

Supt. Harry N. Williams, of the Chicago division of the Nickel Plate, has completed a vacation and resumed his duties this morning. Mr. Williams and Mrs. Williams were visiting friends and relatives in New York state for two weeks.

NEW TARIFF ARRANGEMENT.

The Pennsylvania is busy at present working upon a tariff rate between Pennsylvania lines points and points on the Baltimore and Ohio and the Erie roads. This is a new feature in traffic hereabouts.

HAND BRUISED BY HAMMER.

Machinist O. D. Shookman of the Pennsylvania shops, severely injured his right hand yesterday afternoon, when he struck the member with a heavy hammer. Fortunately no bones were broken.

INDUSTRIAL NOTES.

Division Storekeeper C. P. Cherry, of the Pennsylvania, is east on business for the company.

Blacksmith Owen Barry, of the Pennsylvania, is off duty on account of the death of his grandchild.

Machinist B. F. Chaney, of the Wabash shops, goes to the lakes tonight to remain until Sunday.

Richard C. Stolle, an apprentice in the drafting department of the Bass shops, is spending the week at Rome City.

Herman Proehl, section foreman of the Wabash, went to Toledo Sunday to see the celebration of Perry's victory. He was accompanied by George Perrie.

E. J. Fisher, of the Bass Foundry and Machine works, will return from California the latter part of the week. He went to that state about three weeks ago.

The federated crafts of the Wabash are holding a meeting in Springfield this week. Frank J. Schwanz, the pipefitter, went last night to attend the meeting.

Harry Haller, a third term student of the high school, is spending the summer vacation in the Bass Foundry and Machine company's boiler shop. He is assisting Jerome Werstein in the clerical work.

Robert Shellhammer, Charles Lauer, Ed Golden and Frank Niggenmeyer, of the Bass works, are engaged this week in erecting a steel smoke stack over the power plant of the Packard Organ company.

Walter Fuchshuber, a stenographer in the shipping department of the Fort Wayne Electric works, is taking a week's vacation. He went to Toledo Sunday and thence he will go to some of the lakes in the northern part of Indiana.

W. B. Robinson, chief clerk to Trainmaster E. S. Kirby, of the Fort Wayne division of the Nickel Plate, is at his desk again. With Mrs. Robinson and the children he has been visiting relatives and friends in Ohio.

Mrs. Waldschmidt, wife of Jacob Waldschmidt of the Pennsylvania planing mills, will go to Chicago to visit her brother three or four days. On her return she and her husband will go to Baldwin, Mich., to spend two weeks with relatives.

District Passenger Agent Frank P. Parnin, of the Nickel Plate, who accompanied the Real Estate Exchange excursion party as far as St. Paul on their way to Winnepeg, has returned and is today working the Hammond and Gary ends of his territory.

H. Hartman of the Pennsylvania blacksmith shop, is off duty today for the first time in three years, suffering from a slight illness. Other shopmen who are off duty on account of sickness are H. H. Burlage, J. A. Damon and C. F. Kaiser. None is seriously ill.

Joseph Lamboley has resumed work in the shipping department office of the Fort Wayne Electric works after a week's vacation. Mr. Lamboley owns and is developing a little fruit and vegetable farm three miles west of the city and he spent the vacation term in working on the place.

Supt. L. M. Reynolds of the Lake Shore, was in the city yesterday and announced that the old freight house would be razed inside of two weeks. The Sentinel stated last Saturday that this would be done but at that time it was not known when the work of demolish not known when the work of demolish will commence this week.

LEAVES CASH TO EMPLOYES.

Will of Coffee Merchant Distributes $250,000 Among Them.

Chicago, July 29.—One hundred and fifteen employes of a coffee firm with offices at Boston, Montreal and Chicago, will receive $250,000 under the will of Charles D. S. Sias, senior member of the firm, which was probated yesterday. The bequests range from $300 to $2,000, every employe who has been with the company for a year receiving at least the smaller sum. Widows of five traveling salesmen will receive $2,500 each.

FIRST IT WAS A GRAVEYARD AND THEN IT WAS CONVERTED INTO PLAYGROUNDS FOR THE NEIGHBORHOOD CHILDREN.

Ernest Moeller, 1431 North Calhoun street, did not like the looks of a lot opposite his home which is at the corner of Fourth street so he hailed a boy and offered him half a dollar to cut the weeds and get rid of the rubbish.

Then there was trouble in the Moeller family. A pet chicken had contracted the pip or some other disease common to its kind and had passed to wherever poultry goes in the hereafter and its remains had been solemnly interred in this lot by his daughters assisted by the other children in the neighborhood.

As a compromise the chicken was disinterred and its remains transferred to a back yard and then the playground idea took root and grew until the spot is one that supplies days of great amusement for the tots in the vicinity.

The pictures show Helen Wagner, 1529 North Harrison street; Emily Moeller, 1431 North Calhoun street; Verle Davis, 1425 North Calhoun street; Marion Moeller, 1431 North Calhoun street, in front, and Thelma Koons, 1421 North Calhoun street, at the back.

"Just call us the dirty gang," said the chubby fellow in the wheelbarrow in the second picture. "We do all the dirty work around here." He is Jess McCoy, 315 Fourth street, and the boys in the back beginning at the left are Frank Neuhaus, 1416 North Harrison street, and Robert McMaken, 1427 North Calhoun street.

Each of these children is an officer in the association that established the playgrounds and the other picture is that of Ernest Moeller, who started the scheme by a desire to improve the outlook from his home.

Thus far the children have a home-made merry-go-round and a swing and as the treasury is pretty well filled free rides are given on the merry-go-round from time to time to encourage the other youngsters. Last night was a free night and this explains the presence of the sign.

Children are perfectly contented with the playgrounds and they will improve it from time to time as they accumulate funds and there is in the scheme a suggestion that neighborhood playgrounds can be established at comparatively little expense.

AT THE JEFFERSON

Is there anyone that has not read the story of "Robinson Crusoe?" Is there anyone who has not heard the story? To those who have read or heard and those who have not, come to the Jefferson tonight and see a visualization of this popular story of adventure and you will never regret it.

Ralph Patterson, basso, will have a dandy new song and in the future he will sing every Tuesday and Friday night.

Wednesday two good pictures, one a dramatic, "Marooned," and a comedy, "While the Children Slept." Thursday and Friday comes a wonderful picture, "Spectre of the Sea," a special feature that is full of realism and a strong love story runs throughout the picture. "The Stranger," another feature, will be run at the same time, giving a double feature program at the price of one. Starting Monday and continuing for one week is the "Vivaphone singing and talking motion pictures." This is a perfect talking picture and has never been shown in the city before. Watch for the announcement of "Faust."

Tense Silence Contrasts With Former Din at Sing Sing Prison.

Ossining, N. Y., July 29.—Convict squad No. 2, a double line of sixty prison-garbed men left Sing Sing for Auburn today with no more hostile demonstration than a volley of cheers. In sharp contrast to the din let loose inside the prison when squad No. 1 marched out last week, was the tense silence of their thirteen hundred comrades left behind.

Twelve keepers, havily armed, led and flanked the line on its way to the cars.

CHALMETTE IS FLOATED.

New York, July 29.—The steamship Chalmette, of the Southern Pacific Steamship company, which ran aground on the New Jersey shore off Barnegat yesterday morning while on the way from New Orleans for New York, was floated early today. She will go to New York for repairs.

MANY PEOPLE OBTAINING CURES

CHRONIC DISEASES NOT CURED BY MIRACLES.

Thousands of people in every part of our country are daily regaining health from some disease that only a few years ago would have been pronounced incurable. This is not alone due to the rapid strides being made in medical science, to the great pathological laboratories for original research work, the wonderful methods of cures by serums, anti-toxins and intravenous solutions, but largely to the people themselves. Never before have the people of all classes realized the value of health as they do now. Never have they been so well informed as to the laws of hygiene, the value of exercise and right living. What is still more gratifying to the true physician, there has never been a time when his patient was so willing to co-operate with him and help him to bring them back to health.

The average individual realizes that this an age of intensity, that any man to compete with present conditions must have his body working perfectly to meet the extra nervous tension required of the full-speed man of today. He must not only be a perfect machine himself, but understand that he cannot be hampered in his efforts by having an unhealthy family. So today we not only find the head of the family keeping his nervous and physical system as nearly perfect as possible, but insisting that his household maintain this same perfection.

Truly this is a great day for the conscientious and earnest physician. He is not now a grim spectre, coincident with death and the grave, but a great, uplifting factor in the health, happiness and success of the whole people, a truly great element in the success of a nation. It will bear repeating, chronic diseases are not cured by miracles or hocus-pocus, but by scientific, understanding, diagnostic ability and sincerity on the part of the physician and the earnest co-operation of the patient.

Perhaps no physician or body of physicians has met with a greater success than have the United Specialists since they opened their institute at 124 East Washington boulevard. While they have kept themselves abreast with every progress in medical science and have had an unusual experience in the treatment of all chronic and deep-seated diseases, they attribute their wonderful success to their earnestness and painstaking effort in the diagnosis of every case that comes to them. While they have every facility in the way of equipment for the examination and diagnosis of disease, yet they always prove their diagnosis by a process of elimination.

Every day patients who have been treated by them are bringing their afflicted friends to these specialists.

Many of their patients have written letters for these columns telling of their great work.

It is exceptionally gratifying that nearly a score of men who have been treated for years heretofore have asked these specialists to refer other men to them.

Any one has only to drop in during their office hours to see for themselves that many of the best women of Fort Wayne and vicinity are patients of theirs.

Of course there is a sadder phase to this work, for many 'im : they cannot hold out hope to the incurable, but they do this, as they are conducting their business from every standpoint of honesty. They are willing to examine the afflicted free of charge. They are making their charges so that any honest person who is in earnest can take treatment. They treat all chronic and nervous diseases, including stomach, intestinal diseases, gall stones, nervous diseases, epilepsy, catarrh, rheumatism and special diseases of men and women. It would certainly pay any afflicted persons to call on these specialists and investigate their work.

Their office hours are from 9 to 12, 1 to 5; evenings, 7 to 8, and Sundays, 9 to 12.—Adv.

GRAIN AND PROVISIONS.

Chicago Market.

Chicago, July 29.—Big receipts, fine weather and weak cables today made the wheat market easy. September, which started at 85⅞@86c to 86¼c, sagged to 85¾c.
The close, however, was easy, with September ½@⅝c net higher at 86⅝c.
Corn ran up quickly on account of a general rush to buy, owing to prospects of enlarged damage from heat and drought. September opened at 63¾c to 64⅜c, and sold near the top level.
The close was nervous at 65¼c for September, a gain of 1¾@1⅞c.
Improved eastern demand helped to lift oats, September started at 40½@40¾c and ascended to 40¾c.
Provisions developed strength with corn. First sales with September were: Pork, $21.42½; lard, $11.80; ribs, $11.82½@11.85.

THE DAY ON WALL STREET.

New York, July 29.—Gains and losses were quite evenly distributed at the opening of today's stock market. Reading, Steel and Northern Pacific showed slight advances while Copper, Union Pacific and Can were down one-half a point each. Wells Fargo Express rose nine points.
For the first time in over a week today's early stock market bore signs of having reached the limits of its rise, temporarily at least. Following an irregular opening, the list soon manifested a heavy tendency, especially in Union Pacific, Reading, Lehigh Valley, Canadian Pacific and Can. The decline was accelerated by a renewal of bearish operations in several of the leaders. There were gains extending to two points in the inactive class but that movement excited little interest. The bonds market was firm.
The market closed steady. Some of the favorites recovered to about yesterday's close, but towards the end there was some further shading of prices.

NO WORD FROM DEPUTY.

No New Development in Arrest of Davis for Using Bad Check.

Up to 3 o'clock this afternoon Sheriff A. C. Gladieux had received no word from Deputy Sheriff Ed Courtdway, who went to Indianapolis last night to bring back Fred Davis, wanted here for giving a worthless check to the amount of $550 in payment for an automobile Davis gave the check to the Phillips Motor company, 325 East Wayne street for a second hand E. M. F. car, and it was discovered after he had been joyriding his friends about town that the check was worthless. He went to Indianapolis, where he was arrested yesterday by the police. Deputy Courdeway was expected back at noon today. Davis is a bartender and formerly lived at Marion. He won the confidence of the Phillips Motor company people by displaying a pass book on the Hamilton National bank here ostensibly showing he had deposits there. The check did not get back protested to the Phillips people until yesterday.

MORE MINE PUMPS START.

State Troops Guard Non-Union Miners in Copper Country.

Calumet, Mich., July 29.—More mine pumps started today pulling water out of shafts closed by the copper miners' strike with state troops guarding the non-union employes.
The water had risen most rapidly and it was the hope of the union to keep the pumps idle.
Coincident with this work several commands of militia were ordered to the neighborhood ostensibly to maneuver in a big field near the mines.
Brigade headquarters was mystified by a telephone message from John Kepting, sheriff of Keweenaw county, who asked Gen. Abber to withdraw troops from his jurisdiction. The sheriff said he had not requested that soldiers be sent into the county but merely that they be placed near the Houghton county line that they might be available when called for. The sheriff said there were no disturbances in his district.

WILL ELECT OFFICERS.

Supreme Convention of Loyal Order of Moose Near Adjournment.

Cincinnati, O., July 29.—Election of officers and the selection of next year's convention place was the principal order of business at today's session of the Loyal Order of Moose. It was expected that the officers nominated yesterday would be elected.
At the meeting last night the ladies' auxiliary to the Loyal Order of Moose was established. Nominations made by the supreme lodge were:
Walter E. Dorn, San Francisco, supreme edictator; Mahlon N. Garland, Pittsburg, supreme vice dictator; E. J. Henning, Santiago, supreme prelate; James J. Keough, Baltimore, supreme sergeant-at-arms; Rodney H. Brandon, Anderson, Ind., supreme secretary; Daniel F. Crawford, Pittsburg, and Harry Mace, Philadelphia, supreme treasurers; Frederick D. Robins, Hamilton, Ont., and Herbert Parker, Boston, supreme inner guards.

FILIBUSTER WINS FOR REPUBLICANS

Democrats Finally Agree to Permit Debate in Caminetti Case.

KAHN LAUNCHES TALK

Washington, July 29. The republican filibuster, after paralyzing business in the house more than a week, accomplished its purpose today when the democrats decided to allow five hours' discussion of the Diggs-Caminetti-McNab-McReynolds embroglio. Weary of the obstructive tactics the democrats brought in a report from the judiciary committee on a resolution by Representative Kahn, of California, calling for a telegram from the attorney general May 16, directing McNab to take no affirmative action in the Diggs-Caminetti white slave cases until after receiving further advices from the attorney general. Representative Kahn pointed out that the telegram holding up the trial was sent more than a month before Secretary Wilson asked the attorney general for delay.
"Why was this telegram sent from his hotel?" he demanded.
"Did some one call upon the attorney general at his hotel and try to exert insidious political pull in having the cases postponed?"
"It was evidently necessary to whitewash the action of the attorney general," said Kahn, discussing President Wilson's action in the case.

LOCAL FORECAST.

Fort Wayne, Ind., July 29.—For Fort Wayne and vicinity: Fair and continued warm tonight and Wednesday.

GENERAL FORECAST.

Washington, D. C., July 29.—For Indiana and Ohio: Generally fair tonight and Wednesday.
For Lower Michigan: Unsettled, with probably showers tonight or Wednesday in north portion; warmer tonight in north and central portions.

SUMMARY OF WEATHER CONDITIONS

Since yesterday morning scattered showers have occurred over much of the northern half of the country, but no rains have been general except over New England, where quite heavy rains are reported from all stations.
Hot weather was general yesterday throughout the central states, temperatures above 90 degrees being general as far north as South Dakota, southern Minnesota and southern Michigan. Temperatures this morning are somewhat higher throughout the central states than they were yesterday morning, but in the extreme northwest slightly cooler weather is reported.
An extensive low pressure area is central in the northwest and is spreading slowly southeastward. It is not probable that it will cause any precipitation in this section, and fair and continued warm weather is indicated for this section for tonight and Wednesday.

CLEWS TO BOY'S SLAYER.

Chicago, July 29.—Important clews to the identity of the persons who shot Bernie Hulstein, 14, whose body was found yesterday in a clump of bushes at Morgan Park, a suburb, were discovered by the police today.
Detectives worked all night on the few marks left by the murderer which include the heel of a shoe and a silver tipped bullet found in the boy's brain. Search is also being made for an 18-year-old boy who three years ago bound and attacked young Holstein. At that time the boy informed his parents of what had occurred and the older boy was arrested. It is known that he swore to be revenged and the relatives of the murdered lad think he may have carried out his threat.

MAY DELAY VOTE ON TARIFF BILL

Republicans Balk at Pressing of Currency Legislation Now.

GERMANS IN PROTEST

Washington, July 29.—Attempts to have democratic leaders determine when the new duties on wool and woolen products should go into effect failed today in the senate.
Senator Brandigee, for the woolen industry, asked for a joint resolution fixing a date, and Senator Warren seconded the appeal in behalf of sheep raisers.
Chairman Simmons replied that he had brought the question to the attention of Chairman Underwood and hoped to have a conference during the day.
The debate developed from republican senators an almost unanimous expression that there would be difficulty in agreeing upon a vote on the tariff bill while it was likely that currency legislation was to be pressed upon congress at the special session. Senator Sterling declared the country was not ready to abandon the policy of protection.
German societies throughout the United States have sent protests to congress and to President Wilson against the proposed duty of 15 per cent. on foreign books. German books are now on the free list, but would be subjected to the fifteen per cent. tax under the tariff bill now pending in the senate. The German organizations declare the proposed duty would be a tax on "scientific and literary progress." President Wilson has taken a similar position as to the duty on books in foreign languages, particularly those of an educational or scientific character.
Dr. C. J. Hexamer, of Philadelphia, president of the National German-American alliance and the presidents of state branches of the alliance have forwarded strong protests against the duty to the tariff leaders in both branches of congress.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

O. K. ON BLOOMER BATHING ATTIRE

Chicago Court Says Suit is Entirely Proper for Women.

DOCTOR IS VICTOR

Chicago, July 29.—Judge Gremmill in Hyde Park court yesterday handed down a decision which, if respected by the judges of Chicago's other municipal courts, will make the bloomer bathing suit not only proper in Chicago, but perfectly legal.

The decision was arrived at in the now more or less famous case of the state of Illinois (impersonated by Beach Censor Walter Straight) against Dr. Rosalie Ladova, who resides at 1379 East Fifty-seventh street, had appeared at the Jackson park bathing beach clad in a bathing suit which included both skirt and bloomers. After entering the water she unbuttoned the skirt and swam about in the bloomers alone.

Censor Straight was rowed out to Dr. Ladova's side and tried to arrest her. This he was unable to do until she returned to the sands to put on her skirt.

"Quite Modest," Says Judge.

The case was heard in all its branches by Judge Gremmill. In the end he concluded what Dr. Ladova had done was not disorderly conduct, which was the charge the policeman had made against her.

"I don't think the doctor's bathing suit was disorderly," said the judge. "The mere failure to wear an article of clothing prescribed by the beach rules does not constitute a violation of the decencies. Policemen at beaches should exercise some discretion. Often persons appear at beaches clad in all of the clothes that the beach rules prescribe and still decidedly indecent in appearance. Dr. Ladova's suit was quite modest. No one but a prude could object to it."

Calls Men's Suits Indecent.

Mrs. L. Brackett Bishop, who is Dr. Ladova's friend, was so delighted by the decision she kissed the doctor emphatically on both cheeks.

"If Beach Censor Straight is looking for an opportunity to exercise his talents in the detection of indecency," said Mrs. Bishop, "let him make a few observations among the men who go bathing at the Chicago Beach hotel every day.

"Half of the costumes one sees men wearing there are improper. Usually the trunks are too short. The appearance of these men is so offensive that not only women but men are shocked. These bathers wear the regulation uniform, and they seem to think that fact gives them the right to display themselves in any part of the beach. Women in bathing suits usually have the modesty to stay in the water. These men don't. They loll about on the beach for hours at a time.

"This sort of thing might be excusable if the appearance of the men was worthy of respect from an artistic standpoint. But it isn't. The fellows who do the most sand bathing are the chaps who possess the scrawniest figures. Mere shame of possession ought to lead these men to immerse their deformities in the water which, like charity, covers up a multitude of sins."

CITY BREVITIES.

E. C. Hamilton, of Chicago, the well known artist, has returned to his home after spending a few days with his parents, Mr. and Mrs. Allen Hamilton, of Montgomery street.

The Fort Wayne and Northern Indiana Traction company is preparing to equip all of the nineteen new pay-as-you-enter cars with fare machines. They work automatically and in dropping the fare into them much unnecessary work is taken off the shoulders of the conductors.

Bids have been opened for the extension that is to be built to the mailing room at the Fort Wayne postoffice, and Postmaster R. B. Hanna has forwarded them to the department at Washington, D. C. The bids were as follows: William Bartenick, $886; John J. Suelzer, $1,285; Max Irmscher, $1,627.20.

A match thrown carelessly into a pile of rubbish at 7 o'clock this morning, started a fire at the plant of the Peerless Manufacturing company on Wall street. The department responded to the alarm and succeeded in extinguishing the blaze with one of the chemicals before any damage was done.

Deputy Revenue Collector Lew P. Sharp, left this morning on a business trip to South Bend and Mishawaka.

Stephen G. Allgeier, clerk at the Fort Wayne postoffice, has returned from an extended western tour, during which he visited Denver, Salt Lake City, San Francisco and Los Angles.

D. C. Fisher, the insurance man, who has had his office and residence at No. 128 West Wayne street the past twenty-five years, has moved his office to No. 307 and 308 Physicians' Defense building, and with his family will occupy a beautiful home in Oaknoll addition, north of the city.

FORTY GUESTS LEAVE HOTEL.

Blaze at Hotel Calhoun Started in Small Linen Closet.

Forty guests at Hotel Calhoun, 1229 Calhoun street, were routed from their rooms and fled into the street shortly after 11 o'clock Monday night when Roy Trainer, manager and owner of the establishment, discovered a fire in one of the linen closets on the second floor. The blaze, which it is believed started from electrical fixtures in the closet, was quickly extinguished upon the arrival of the department, and it is reported that the total damage will not exceed $25.

Mr. Trainer had just retired for the night in his room directly opposite the linen closet when he detected smoke. Rushing into the hallway he saw dense clouds of smoke pouring through the crevices of the closet door. He called the fire department and then proceeded from door to door on the second and third floors of the building arousing the guests and telling them to leave. When the department arrived every guest had left the smoke-filled building.

LIGHTNING KILLS HORSE.

Bolt Struck Barn on Farm of William Schepelman, Northeast of City.

William Schepelman, who resides on a farm in Scipio township, northeast of the city, reports the loss of a valuable horse which was killed Saturday night when a bolt of lightning struck the barn in which it was standing. The barn was not damaged, according to information furnished W. A. Kelsey, of the Allen County Farmers' Mutual Insurance company.

NEW CIVIC ASSOCIATION.

Dayton Avenue and Oakdale Residents Favor Many Improvements.

At a meeting held Monday evening at the home of F. W. Miles, 1225 Dayton avenue, the organization of the Dayton Avenue and Oakdale Civic Improvement association was perfected. Officers to serve during the coming year were elected as follows:

President, F. W. Miles; vice president, Harry M. Williams; secretary and treasurer, Paul E. Johnson.

The session was attended by representative property owners from Broadway east to Beaver avenue, and those of Oakdale place. The purpose of the association is to secure many district improvements. The following committee chairmen were appointed: C. B. Fitch, division of Broadway parkway; A. A. Ringwalt, ornamental lighting; J. M. Calhoun, architecture and bridges; Paul E. Johnson, pavements and sidewalks; G. A. Knauss, trees and shrubbery. Members of the different committees will be appointed at the next meeting, to be called by the president.

CARS CRASH AT FORTVILLE.

Several Passengers Hurt in Collision on Interurban.

Fortville, Ind., July 29.—A limited train on the Union Traction company's lines, running late, crashed into the rear of the Marion flyer here last evening, resulting in the injury of the motorman of the limited and of a dozen or more passengers and the tying up of traffic for some time.

The motorman of the limited, Harrison Clark, lives at Anderson. He sustained a badly crushed leg and is thought to be internally injured. He was taken to a hospital in Indianapolis. Of the passengers on the limited a dozen were cut by flying glass. None was so seriously hurt as to be unable to continue the journey. The most seriously hurt was a little girl traveling alone, who sustained a severe scalp wound. She was too frightened to give her name before being sent on her way.
